50-Mile Gale Hits Mansfield, Nearby Cities

HEAVY WINDS TOPPLE TREES, DAMAGE HIGH

Roofs Torn From Buildings, Utility Service Disrupted By Strong Blasts.

GALION, BUCYRUS HIT

Five Autos Ruined as Tree Falls on Them; Barns In Rural Sections Damaged.

Mansfield and north central Ohio today felt the fury of a storm which gripped the western plains states yesterday as a 50-mile gale roared into this section, tearing roofs from buildings, blowing trees across houses and automobiles, and disrupting telegraph and electric service.

From all sections of the city and neighboring communities came reports of widespread damage to buildings, automobiles, and shade trees. Bucyrus alone reported five cars wrecked by trees that fell on them.

Weathermen said the gale, which reached a 50-mile-an-hour velocity at 9:30 a. m. at the Hayesville weather station, was part of the windstorm which caused high damage in western states.

Forecasters predicted the storm would blow itself out this afternoon and tonight over the Great Lakes. Rain and high winds were forecast for this section this afternoon, with cloudy and cooler weather due tonight and Friday.

While Galion and Bucyrus were harder hit by the wind than Mansfield, a part of the roof of a barn on the Mrs. Marion Kissel farm on state route 13 north of the city was blown off this morning and a tree blew across a car owned by Mrs. Hazel Gross, 242 Rowland avenue, at Third street and Franklin avenue. Mrs. Gross, who works at the state unemployment office, was not in the car.

The garage at the Galion city building was unroofed by the storm, while power lines were down in all sections of the city and a number of streets were blocked by falling trees and high tension lines.

Lights were out during the morning in dozens of Galion homes as lines were torn down by the wind. School officials there warned pupils to avoid certain streets where there was danger from power lines. Trees damaged at least two homes in

BOY, 8, KILLED

Willard Child Fatally Hurt In Fall From Barn.

A brief news dispatch from Willard today reported that Gurden Beck, eight-year-old son of Mr. and Mrs. Howard Beck, had been killed in a fall from a 15-foot barn.

Efforts to reach Willard by telephone for further details were futile up to noon today as telephone service between Mansfield and Willard was interrupted due to the high wind.

Communication to various other nearby localities was also disrupted by today's high winds, according to the chief operator's office of the Mansfield Telephone company.

UNDER KNIFE

Blues Singer to Be Operated On After Transfusions.

CHICAGO —(INS)— Helen Morgan, blues singer of night club and stage fame, was to be operated upon today at Henrotin hospital.

Miss Morgan is suffering from a complication of liver and kidney disorders. She has been given four blood transfusions since she collapsed during a Chicago vaudeville engagement last week and her condition is considered critical.

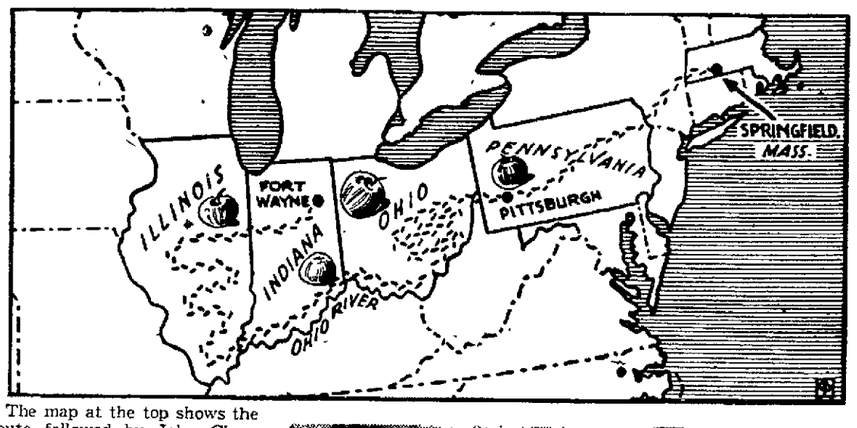
CROWNED TWICE

'Miss Ohio' Wins Grape Festival Title at Sandusky.

SANDUSKY—(U.P.)—Pretty Janice Sulzmann, 19-year-old miss from Willoughby, wears two Ohio beauty crowns today.

She was named queen of the Ohio grape festival last night after winning the title of Miss Ohio last month.

Route Johnny Appleseed Followed to West



The map at the top shows the route followed by John Chapman, better known as Johnny Appleseed in his long travels from his birthplace in Springfield, Mass., to his final rest in Fort Wayne, Ind. Mansfield today had completed plans to commemorate the 167th anniversary of his birth tomorrow, recalling stories of his frequent visits to Mansfield and the vicinity, where he left thousands of apple trees as living monuments to himself. Bottom picture is of a window display, depicting Johnny Appleseed, in the Scattergood store on Walnut street.

PAY RESPECTS TO APPLESEED

Mansfield, Rural Pupils To Hear Speakers at Assembly Programs Today.

Climaxing a week designated by Gov. John W. Bricker as "Johnny Appleseed" week to commemorate the planting of the first apple tree in Ohio 160 years ago by the pioneer apple tree planter, Mansfield high school pupils tomorrow will hear two speakers tell of the legendary figure who is credited with symbolizing pioneer Ohio.

At Mansfield Senior high, Johnny Appleseed Junior high and John Simpson Junior high, Judge Guy B. Findley, Lorain county common pleas judge and president of the Ohio Forestry association, will address assembly programs on the life of Appleseed.

Meanwhile at Madison high school, Dr. John W. Stockwell, author and religious lecturer from Philadelphia, will give a similar talk.

A free apple for each pupil in Mansfield has been promised by Mrs. Anna Long Onstodt, Mansfielder, who persuaded the governor to proclaim the special week.

Dr. Stockwell will discuss the early tree planter in relation to his religious beliefs. John Chapman—the real name of Johnny Appleseed—carried tracts published by Emanuel Swedenborg, a Swedish philosopher, through all his travels. In his tracts Swedenborg stressed the necessity for a simple life and it is thought that this was one of the dominant characteristics of Chapman.

Viewed from this standpoint, Johnny's later life can be more easily explained.

Born near Springfield, Mass., Sept. 26, 1774, he came to Ohio when he was about 18. Pausing along the way in what is now

APPEAL DELAYED

Postpone Action on Case Against Jehovah Witnesses.

YOUNGSTOWN—(INS)—Cases of Thelma Martin, Maude Rummell and Sylvia Willard, members of Jehovah's Witnesses convicted of violating a Struthers city ordinance regulating the distribution of handbills, today was postponed in the court of appeals until Oct. 2.

The three were arrested July 7, and fined $25 and costs by Mayor William Strain.

Rules AAA Can't Limit Wheat On O.S.R., County Home Farms

State and county institutions, including the Mansfield reformatory and Richland county home, can legally grow "unlimited amounts" of wheat for their own use without paying the federal AAA wheat tax, Atty. General Thomas J. Herbert of Ohio ruled today.

The opinion was handed down at the request of Prosecutor William G. Wickens of Lorain county who said the department of agriculture sought to collect $200 in penalties on excess wheat grown at the Lorain county children's home.

The attorney general said a public agency or a private individual is not liable to federal wheat restrictions "so long as such wheat is not marketed in interstate or foreign commerce nor consumed by farm stock which may be placed in commerce."

Herbert's opinion was interpreted as applying to private farmers as well as public institutions which grow wheat for their own consumption and not for sale or feeding to livestock for sale.

He pointed out in his opinion that there was "no intent" in the AAA law enacted by congress to apply it to states or its subdivisions. He added that the rules set up by the department of agriculture to enforce the quotas on state and county institutions "went beyond congressional intent."

While officials here had not complained about the crop restrictions, both the reformatory and the county home grow wheat for use at the institutions.

PLANES CRASH

Six Aviators Die In Florida, Mississippi Accidents.

PENSACOLA, Fla. — (AP) — Two navy plane crashes, one in a rain and windstorm, took the lives of six aviators from the air station here yesterday.

More than 200 persons in Bay Springs, Miss., saw one of the planes, buffeted by high winds, emerge from a heavy cloud and plunge four men aboard to their death. Letters on the bodies indicated the dead were Jesse Wilcox, Warrington, Fla.; T. O. Carter, Pensacola; B. B. Barbour and S. R. Oldaker. (Addresses unavailable.)

The other plane crashed on Santa Rosa peninsula near here, fatally injuring Ensign Donald A. Utz, 27, of Port Washington, N. Y., and Flying Cadet Emanuel L. Plinske, 24, Green Bay, Wis. Air station officials said the fliers apparently lost control at a low altitude.

TWO VESSELS CRASH HEAD-ON

Crews Uninjured As Ships Ram Bows In New York Harbor.

NEW YORK—(INS)—The 6,624-ton tanker Robert E. Hopkins and the 9,716-ton collier Jason crashed head-on in Ambrose channel in New York harbor today.

Both vessels were badly damaged about the bows but neither the 36-man crew of the tanker, which was inbound, nor the 50-man crew of the collier, bound for Newport News, was injured.

The plates of both vessels were sprung by the crash. Harbor authorities said the accident apparently occurred as the result of a "misunderstanding in signals."

SIAMESE TWINS

Baby Girls Born At Marion, Live Only Ten Minutes.

MARION —(AP)— Siamese twin girls, born today to Mr. and Mrs. S. W. Kuhner, lived only ten minutes, Marion City hospital attaches reported. The babies were joined at the chest.

Mrs. Kuhner's condition was reported fairly good. Kuhner is an engineer for the Marion Reserve Power company.

NEUTRALITY REPEAL HIT BY SENATOR TAFT

Says Removal of Law Would Give Authority For Undeclared War.

PREDICTS SENATE TIFF

FDR Request Expected To Go Further Than Arming of U. S. Vessels.

BULLETIN

WASHINGTON —(AP)— Senator McKellar (D.-Tenn.) introduced in the senate today a resolution to repeal the neutrality act which bars the arming of American merchant ships and prevents them from entering combat zones.

(By United Press)

WASHINGTON — Amid reports that virtual scrapping of the neutrality act would be sought next week, Senator Taft of Ohio declared today repeal "would be equivalent to a declaration of war."

"At the very least," he said to reporters, "it would grant the administration authority to carry on an undeclared war."

Taft foresaw a knock-down-and-drag-out battle in the senate against any repeal attempt—a forecast which few legislators disputed—and promised that he and other opponents of the administration's foreign policy would fight vigorously.

However, Rep. Wadsworth (R.-NY.) believed that the house was ready to repeal or modify the law, and he voiced the hope that it would be "wiped off the statute books."

"In all our history," he told newsmen, "we fought for the right to sail the seven seas at will. In the neutrality act we surrendered that right. That always seemed to me morally wrong."

Another legislator heard in the discussion was Senator Schwartz (D.-WYO.) who is regarded by colleagues as a middle-of-the-roader on foreign affairs. He announced he was "very much in favor of arming our merchant ships"—something which the neutralty act now specifically forbids.

Both administration and opposition polls have indicated that President Roosevelt could obtain the senate's consent to modification of the act on this and other points. House leaders also forecast approval there. Mr. Roosevelt indicated Tuesday he intended to ask congress next week to repeal the ban on arming ships, but informed cources now believe that his

Seamen Return To Posts as Washington Gets Dispute.

NEW YORK—(INS)—Six hundred AFL seamen returned to work aboard 23 ships in six American ports today after officials of the Seafarers' International union and the Sailors Union of the Pacific agreed to submit their "war bonus" dispute to the national defense mediation board.

Although the unions have agreed to go back to work after a 12-day layoff, it was said at union headquarters that ballots for a general strike call were being sent out to all locals in the event that the Washington negotiations, scheduled to begin Monday, were unsuccessful.

John Hawk, secretary-treasurer of the SIU, announced the back-to-work movement late yesterday after President Roosevelt's stern warning that labor disputes must not be allowed to tie up the nation's merchant marine service.

Tunney Berates Equipment Given U. S. Parachutists.

AKRON—(INS)—A plea that army officials "stop blundering around" was left here today by Lieutenant Commander Gene Tunney who spoke before 200 naval and civic officials at a banquet in his honor last night.

"German kids in the parachute troops come down with a sackfull of hand grenades on their back and a sub-machine gun in their hands and they know how to use them. They don't light on the ground with a blanket and cooking utensils strapped on their back," he said.

AUTO INJURIES KILL WOMAN, 54

Mrs. Verda Reid County's 20th Victim This Year; Second Child Hit By Car.

Richland county's traffic death toll jumped to 20 today and threatened to go even higher as one pedestrian died of injuries received when struck Sunday, and another lay close to death as the result of a similar accident yesterday.

Mrs. Verda Reid, 54, of 332 East Second street, died at General hospital this morning from complications arising from injuries received in an accident at Park avenue east and Bentley street Sunday afternoon.

Hospital attendants announced that the condition of Patricia Sciarrotta, 6, of 394 McPherson street, who suffered a severe brain injury when struck by a car at the intersection of Springmill and

DRAFTING PLAN

Treasury Experts Working on Profit Ceiling Bill.

WASHINGTON —(AP)— Secretary of the Treasury Morgenthau announced today that treasury experts had begun drafting a proposed bill to limit corporation profits to 6 per cent.

Following up his recommendation for such a limit before a congressional committee, the secretary told a press conference that he set his aides to work this afternoon putting the idea into legal language for presentation to congress.

Morgenthau indicated, however, that he preferred to present the idea as a tax bill before the house ways and means committee rather than as a rider to the price control legislation being considered by the house banking committee.

Officials, Crowd Greet Duke and Duchess In Washington

WASHINGTON—(U.P.)—The duke and duchess of Windsor arrived here early today for a two-day visit and were greeted at Union station by representatives of the state department and the British embassy and a cheering crowd of about 3,000 persons.

After brief formalities at the station, where the duke addressed as "his royal highness" by state department officials, and his American-born wife was addressed as "duchess," the party drove to the British embassy for breakfast before beginning a full day of engagements.

The duchess, the former Wallis Warfield of Baltimore, was dressed in a black suit with a jacket of simple design. The severity of her costume was broken by gold buttons on her jacket and a touch of black velvet trimming on the collar. Her blouse was of blue and white check cloth and she wore a blue and white checkered trimmed black hat. She wore black gloves and carried a black leather bag.

City's August Business Off, But Year's Rate Stays Ahead

Most categories of Mansfield business went into a slump—in some instances a decided one—during August, the monthly report of the Chamber of Commerce on business conditions shows. The report was made public today.

However, some decreases were chiefly due to seasonal causes, and did not indicate that conditions had grown suddenly bad.

In two of the more important categories, industrial and mercantile employment, a drop was shown in August as compared to July. But in neither case was the drop a large one, and a comparison with the first eight months of the year with the same period of a year ago shows that both types of employment were still far ahead.

In August, industrial employment dropped 2.61 per cent from the July figure—or down to 12,780 from 13,123. However, the August industrial employment figure in 1940 was only 9,611.

Mercantile employment was

NAZIS REPORT HAND-TO-HAND FIGHT RAGES

Russians Declare Foe Hurled Back Six Miles In Giant See-Saw Conflict.

CRIMEA WAR FORMING

68,000 Troops Engaged In New Struggle For Red Fleet Base.

(By Associated Press)

German military dispatches reported violent hand-to-hand fighting raging in the streets of Leningrad's suburbs today, while the Russians declared that cavalry charges and thrusts by cannon-blazing Soviet tanks had hurled the Nazis back six miles and recaptured two villages on the city's outskirts.

German losses were described by the Russians as enormous in the bloody see-saw battle for the old czarist capital.

On the central front, a Soviet bulletin reported that Marshal Semeon Timoshenko's Red armies were pushing a counter-offensive in the Gomel sector, midway between Smolensk and Kiev, in a drive to lift the pressure on Russian troops in the Ukraine.

Nazi military quarters, dodging any prediction as to when Leningrad would fall, declared nevertheless that the position of the Red army defenders was becoming "more and more hopeless."

The Russians, however, countered with the assertion that the fierce battle was beginning to turn in favor of Marshal Klementi Voroshilov's defense forces.

Soviet counter-attacks in greater number and strength were reported to be stemming the Nazi onslaught, despite the arrival of a steady stream of German reinforcements.

"Red army fighters and armed Leningradites are dealing blows in various directions," said the Soviet army newspaper, Red Star.

"Here and there, the German army already is unable to resist our pressure."

"The Moscow radio, as heard in London, admitted that a few German tanks had succeeded in knifing through the Soviet first line of defense at Leningrad yesterday, but asserted they were thrown back with heavy losses.

German military dispatches said Nazi shock troops were pushing deeper toward the heart of the city of 3,200,000 after crushing Soviet resistance in at least two villages on Leningrad's outskirts.

German assault troops were pictured as fighting the Russians hand-to-hand with bayonets, hand grenades and sidearms in a bloody advance from street to street and house to house.

A single German division was reported to have seized a large Leningrad factory district where every house was bitterly defended by the Russians.

The Moscow radio, denying that the Germans had actually penetrated suburban Leningrad, said the Nazi report apparently

Mrs. Roosevelt At Bedside As Her Brother Succumbs

(By Associated Press)

WASHINGTON—G. Hall Roosevelt, 50, engineer, banker and transport executive, died early today at Walter Reed army hospital with his only sister, Mrs. Franklin D. Roosevelt, at his bedside.

Hall had been ill many months, first in a hospital at Poughkeepsie, N. Y., and subsequently was given army hospitalization by virtue of his World war aviation service.

The relationship between big, bluff Gracie Hall Roosevelt and his only sister, the first lady, was extremely close. Orphaned as children, they were tied by a strong bond.

Although Mrs. Franklin Roosevelt was less than seven years old when Hall was born in Neuilly, France, June 28, 1891, she wrote in her autobiography, "This is my story," that "my brother was more like my child to me."

The brother-in-law of one president, Hall was the nephew of another, President Theodore Roosevelt.

INSANITY CASES INCREASE HERE

51 Victims of Mental Disease Examined So Far In 1941, Double That of '40.

Richland county probate court and the sheriff's department have handled more insanity cases already this year than in all of 1940, county records showed today.

Fifty-one victims of mental diseases have been brought into the court for examination as against only 50 in all of last year.

In addition to the 51 lunacy cases, Sheriff Frank E. Robinson and his deputies have taken seven persons to the state hospital for epileptics at Gallipolis and three to the institution for feeble-minded in Columbus.

Mental patients must be found insane, or mentally ill, at a hearing in probate court before they are committed to institutions. The sheriff and his deputies take them to the institutions.

Since last February the county's mental patients have been taken to the Columbus state hospital. Previously they went to the Toledo hospital.

County officials could offer no explanation for the increase in insanity. They pointed out that the cases vary in number from year to year, apparently occurring in cycles.

ENDS HEARINGS

Jury Rules For Plaintiff In Suit; Meets Again Monday.

Completing their work until next Monday, the Richland county petit jurors yesterday awarded Nicholas Duda, Mansfield, a verdict for $107 in his action against L. L. Domer of Shiloh.

The jury's decision gave Duda the $100 judgment he sought plus $7 interest. Duda brought the action as administrator of the estate of Mrs. Helen Johnson who was killed in a grade crossing crash in July, 1940, in Shiloh.

He contended the $100 represented a down payment she made to Domer on a Shiloh property shortly before she was killed. Duda's attorney was C. J. Kalbfleisch. Domer was represented by A. B. Mabee.

The jury heard three of seven cases on the docket for the week, returning verdicts for the plaintiffs in all of them. The other four cases were settled or continued.

50-MILE GALE HITS CITY AND COUNTY AREA

Heavy Winds Topple Trees, Disrupt Utility Service; Trees Fall on Cars.

(Continued From Page 1)

the city, a large elm crashing through the roof of the P. A. Johnston residence and demolishing the upper part of the building. Occupants of the house escaped injury.

At Shelby, the roof was blown off a business building on Main street and sections of roof were torn from a number of houses.

R. G. Clark, manager of the Western Union telegraph office in Mansfield, said communication to virtually every point in the state except Cleveland was interrupted with 75 sub-lines out of order. The old Morse code was used again by operators who were unable to get messages through over the teletype.

Three pieces of roofing blew off the Mansfield Savings and Trust National bank building at 10 a. m. today and splintered a part of the windshield on a car belonging to Robert Hayes, 654 Arlington avenue.

Mrs. Mildred Hecht, 158, West Third street, reported that the wind blew down a chimney off her house, creating a tremendous suction that toppled a gas heater from its moorings in the house.

The Ohio Power company said scores of homes in the Bucyrus area were without lights and electric current today after poles and lines were damaged by the storm. Linemen were busy throughout the northcentral section of the state repairing damage to communication and power lines.

Damage was heavy in the Lima and Sandusky areas. The grandstand at the Lima baseball park was unroofed and plate glass windows in downtown stores were blown out.

The wind was reported to have reached a velocity of 70 miles an hour at Sandusky and shipping was perilled on Lake Erie. The coast guard at Marblehead said waves were 15 feet high on the lake.

Telephone lines connecting northern Ohio cities were damaged, temporarily isolating Norwalk, Huron, Willard, and Vermilion. Damage to telephone lines was believed slight in the Mansfield area, although officials of the Mansfield Telephone company had not completed their check of damage at noon today.

The air over Mansfield was yellow with dust as the gale swept loose earth from fields that have been baked by the hot sun and lack of rainfall.

The wind began to gain momentum before dawn today and at 6 a. m. it was measured at 31 miles an hour at the Hayesville weather station. It started from the south and changed to the southwest as the velocity slackened shortly before noon.

The storm had its humorous side, too. Men chased their hats across streets and women clutched at their skirts as the gale whipped them over their heads. Pedestrians had trouble keeping on their feet in Mansfield at the peak of the storm from 8 to 10 a. m.

At the corner of Park avenue and Main street the top of a street light blew off and crashed against an automobile.

The temperature dropped four degrees between 10 and 11 a. m. today in Mansfield. It stood at 70 degrees at noon, 16 below yesterday's high.

down in August, as compared with July, to 2,010 from 2,085, a drop of 3.60 per cent.

Largest decrease came in new automobile registrations, a drop of 44.85 per cent. This, however, was due to the fact that there has been little new car production, and few new cars available, due to the yearly model change. New models are due on the market soon.

Only gain shown in the month's report was in building permits, a climb of 2.43 per cent. There was also a drop in relief cases of 3.36 per cent, which figures as an improvement in employment.

Bank clearings were off 3.61 per cent, bus riders .68 per cent, postal receipts 23.85 per cent, sales tax receipts 15.27 per cent, car loadings 14.98 per cent.

For the eight months of 1941 ending Aug. 31, however, the report showed gains in all classifications with the exception of postal receipts.

New car registrations were up 21.90 per cent as compared with the same period last year, bank clearings were up 21.46 per cent, building permits 15.31, bus riders 5.60, industrial employment, 17.78, mercantile employment 16.46, sales tax 20.15 and car loadings 23.97. Relief load had declined by 27.85.

CROWD GREETS DUKE, DUCHESS

Windsors Pleased By Capital Reception, White House Luncheon Cancelled.

(Continued From Page 1)

A White House luncheon for the couple had been cancelled last night because of the illness of President Roosevelt's brother-in-law, C. Hall Roosevelt, and an informal visit with the president was scheduled for noon. But even that was doubtful early today because Mrs. Roosevelt's brother died at 5 a. m.

The Windsors arrived aboard a streamliner from Miami. They are en route to the duke's ranch in Canada.

Both the duke and duchess appeared pleased by the reception, smiling and waving their hands at the crowd which was massed behind a chain barrier.

It was the first visit to Washington for either the duke or the duchess in many years. The duke last visited here in 1924, when he was the Prince of Wales.

The duchess, knows this area well. Her last visit here was in 1933. She then was Mrs. Ernest Simpson of London. She visited Mrs. Buchanan Merryman, her "Aunt Bessie," called on friends and attended the races at Pimlico.

NEUTRALITY ACT REPEAL LASHED

Senator Taft Declares Action Would Be Equivalent of Undeclared War.

(Continued From Page 1)

message may go much further than that.

That a final decision had been reached appeared doubtful, however, for it was learned that the state department is now engaged in a comprehensive study of the act.

This analysis will provide the president and Secretary Hull with the necessary information, it was said, for the recommendation that will be submitted to congress.

Taft told reporters "it would not be so bad to arm merchant vessels if they were restricted to the areas now prescribed by law."

He expressed the view that any such major change in the neutrality act should be coupled with the issue of sending ships into the presently-defined combat areas.

"I think it would be better to fight out the whole issue of neutrality repeal at one time," the Ohio senator declared.

Taft said that senators opposing administration foreign policy probably would meet next week to decide on their strategy against any change in the neutrality act.

RALLY PLANNED

SHELBY—Plans to hold a Richland County Christian Endeavor rally at the United Brethren church here on Oct. 19 were completed when the county board met at the home of Miss Reva Eckstein in this city on Wednesday night.

DRIVER CHARGED

SHELBY—Russell Emerson, R. D. 3, Mansfield today was scheduled to appear in Mayor W. R. Morris's court here to answer to unsafe driving charges.

BATTLE RAGING IN SUBURBS OF CZARIST CITY

Nazis Report Hand-To-Hand Fighting; Russians Claim Germans Retreat.

(Continued From Page 1)

referred to the small town of Peterhof, on the Gulf of Finland, nearly 20 miles west of the city.

With Soviet war supplies hard hit by destruction and capture in the 96-day-old conflict, reliable London quarters disclosed that British tanks may soon go into action on the vast front. British-manned RAF planes are already fighting alongside the Russians.

On the southern front, the German high command declared that "desperate attempts by remnants of four Red armies to break out of a Nazi trap east of Kiev had been smashed with bloody losses."

Advices reaching London added to the darkening Soviet picture in the south. These reports indicated that a German attack was developing on the Crimea, the site of Russia's Black sea naval base of Sebastopol, with upward of 68,000 troops engaged in the assault.

The Nazis themselves asserted that Russia's fleet had now been reduced to a blank cartridge in the Soviet war pistol, declaring that German warplanes had driven Black sea forces into an eastern corner of their home waters and harried the Baltic sea squadron back into the Gulf of Finland.

The Germans said their airmen dispersed Soviet troop concentrations in the Leningrad region with bloodiest losses to the Russians, bombed Leningrad and surrounding villages, and attacked field fortifications.

The Germans also reported successful raids on field fortifications, rail stations and artillery positions on the isthmus leading to the Crimea at the southern end of the front.

Moscow experienced its longest air raid alarm of the war during the night—five hours and 45 minutes. A Soviet communique said no German planes pierced the city's defenses.

An Axis transport in the Gulf of Finland was reported sunk by Soviet torpedo boats.

On the western front, the British announced that a German plane dropped bombs near the southeast coast of England last night, but said there was no casualties and only slight damage.

In the Far East, the four-year-old war between China and Japan blazed with new fury as Japanese troops pressed a big offensive against Changsha, capital of Hunan province.

Japanese army reports said that 300,000 Chinese soldiers have been hurled back from strong defense positions along a 180-mile front and that Japanese forces now were within 26 miles of Changsha.

The provincial capital itself, a city of 609,000 population, was reported aglow with 20 fires set in a mass raid by Japanese warplanes.

Vice Admiral Sir Geoffrey Layton, commander of the British China fleet, declared that "if United States warships ask for facilities at Singapore, they will be granted readily."

See British Tanks, Troops Aiding Reds

LONDON—(AP)—British aid for the Russian armies is being rushed to the eastern front in a rapidly increasing tide, it was authoritatively reported today as dispatches to London painted a darkening outlook for the Red forces both at Leningrad and in the Crimea in the south.

With the RAF only yesterday disclosed to be flying in battle on the eastern front, a reliable source said today that British tanks soon may be in action with the Russians against the Germans.

Furthermore, newspaper speculation that British imperial troops might be sent through Iran into the Soviet caucasus to aid hard-pressed Russia assumed new significance with disclosure of a series of military staff conferences involving troops in this area.

Subs Sink 11 Ships In Atlantic Convoy

BERLIN—(INS)—Striking in the south Atlantic off the west African coast German submarines sank 11 of 12 convoyed merchant ships, an official announcement stated today.

Only one of the freighters in the convoy managed to escape, according to the announcement, which said the vessels sent to the bottom totalled 78,000 tons.

Fight Continues In Serbian Revolt

BUDAPEST — (INS) — Heavy fighting was reported still in progress today around the town of Srpska Mitrovitza near the Sava river in Serbia after some 12,000 Serbian rebels rose against their Axis conquerors.

The rebels kept on fighting, according to advices here, despite attacks by Stuka dive bombers and Nazi ground reinforcements.

Deny Report Paris In State of Siege

BERLIN —(INS)— German authorities today denied a report published in London that a state of seige has been declared in Paris.

On the contrary, it was stated, the German-occupied former French capital has returned to normal life following the lifting of the 9 p. m. curfew on Tuesday.

French Chief of State Marshal Henri Phillippe Petain was declared to have expressed satisfaction that the German military command in Paris permitted the city to return to "normal conditions."

AUTO INJURIES KILL WOMAN, 54

Mrs. Verda Reid County's 20th Victim This Year; Second Child Hit By Car.

(Continued From Page 1)

Harker streets, had not improved. Late yesterday, physicians said Patricia had a "slim chance" for recovery. She has been unconscious for more than 36 hours.

Less than 24 hours after the Sciarrotta girl was injured, another six-year-old child, Darrel T. Grubaugh, son of Mr. and Mrs. J. M. Grubaugh, 23 South Willis avenue, was struck by an automobile at the intersection of Park avenue and Walnut street.

Mrs. Reid's death was the county's 20th this year as compared to only 11 for the same period last year. She was struck by an automobile driven by Lester E. Blatter, Seville, who told police he did not see her as she stood in the street waiting to cross.

Police said that Mrs. Reid had walked halfway across Park avenue east and waited in the middle of the street for traffic going east to clear.

Mrs. Reid is survived by her husband, Fred Reid, and father, Samuel Leiter, both of Mansfield. She was born in Ashland county but resided in Mansfield for several years. The body was removed to the Wappner funeral home. Funeral arrangements have not yet been completed.

The Grubaugh boy received severe lacerations and bruises about the face, body and left leg and had a tooth knocked out when struck yesterday afternoon at Park avenue and Walnut street by an auto which police said was operated by Miss Dorothy Horchler, Lexington, R. D. 1.

Miss Horchler told police that the boy had been playing with another small boy on the sidewalk and suddenly ran in front of the car, striking the fender.

The Sciarrotta girl was struck by an auto driven by John Rupanovic, 6 Kohler avenue, as she crossed the street on the way to a physician's office with her brother.

West Virginia, he gathered appleseeds from cider presses there and stored them in bags.

Just 160 years ago he is reported to have landed at Marietta with his seeds and two canoes.

From Marietta his history often becomes vague, but is known that he traveled through most of Ohio, planting nurseries, in the van of the march of pioneer settlers and selling his trees to them when they arrived.

During the war of 1812 which the American colonists fought with the British and their Indian allies, Appleseed saved the early settlement at Mansfield, according to some accounts.

Hearing of an Indian planned attack on the helpless settlers here he is credited with rushing to Mt. Vernon, nearest troop garrison, and bringing help in time to forstall a massacre.

AN INDEPENDENT NEWSPAPER

MANSFIELD, OHIO, THURSDAY, SEPTEMBER 25, 1941

And just to think! It's no more than a year ago that an all-Ohio world series seemed imminent.

They are now talking about a vitamin that will prevent gray hair—which will be some accomplishment in times like these.

The fact that ample aid will be available to Russia by 1943 is about as helpful as the information given a party of hungry tourists in a small town—"There'll be a good eating place here by next summer."

Easy To Buy Defense Stamps

BUYING DEFENSE STAMPS is being made easy by the simple process of having these stamps on sale at practically all retail stores—or given in change if you ask for them.

Here's a way to help national defense more than you may realize, for the millions of small sales all over the country mount to an immense total. During August, for instance, the sale of defense stamps reached $1,453,748, a gain of more than a million dollars over the preceding month.

These defense stamps, in denominations of from 10 cents to $5 are exchangeable for interest-bearing savings bonds which increase 33 1-3 per cent in value in ten years, and they also represent savings which will be useful when the war is over and readjustments begin. Moreover, it is pointed out, the money invested in bonds will be taken out of earnings which might otherwise go into widespread spending that would lead to dangerous inflation.

Therefore by buying defense stamps in the stores where you trade—the easy, can't forget method—you are not only aiding the national defense program but accumulating savings for yourself and holding down the cost of living.

Purchase defense stamps. Take them in change. Soon you will have one or more defense bonds—proof that you are doing your share to make America strong; that you have put a nail in the barrier against inflation and set up a reserve of savings for yourself.

Uniform Enforcement Ordered

WHILE the law on the subject has been very plain right along, it was something of a surprise to have State Liquor Director Jacob B. Taylor announce that, starting October 1, the regulation prohibiting gambling in places where liquor is sold would apply to fraternal organizations and private clubs as well as to public vendors.

The attitude of law enforcement officials heretofore has been that such organizations, presumed to keep gambling operations within their own membership, should not be disturbed, but complaints of other permit holders that their profits were reduced by this form of competition seems to have finally resulted in action—which places all liquor dispensers on an equal basis in the matter of banning gambling devices from their premises.

The whole thing is proving something of an embarrassment to the Bricker state administration, which had thus far gone along quite smoothly without seeming to care much about the gambling situation as long as large profits were pouring in from the liquor department.

But there is always more or less embarrassment associated with non-enforcement of various laws, as was the case in Mansfield a few weeks ago when Mayor Locke decided that a ground-floor bingo game was too public and that gambling should be carried on where it couldn't be seen. Such things are especially annoying just before an election.

It has been made quite clear by Chief of Police Bates that notification of all liquor permit holders that they must remove gambling equipment from their premises before October 1, is at the request of the state liquor department—so that no changed attitude of the administration toward non-enforcement of gambling laws in the assessment [illegible] the first [illegible] can be inferred.

When Delay May Be Dangerous

LUCAS COUNTY'S [illegible] of the state [illegible] allowed an [illegible] to [illegible] as an example of a condition for which [illegible] should be taken.

It appears that [illegible] suffering from a [illegible] was accompanied by [illegible] for treatment but [illegible] was [illegible] secure aid from [illegible] physician.

Under [illegible] circumstances where treatment in a well-arranged operation is involved, the "red tape" of hospital admission is understandable—even if this procedure is sometimes less tactful than might be desired—but it seems obvious that in emergency cases, requiring prompt attention, hospitals are intended and obligated to render immediate aid and to defer such formalities as name, address, ability to pay, etc.

Quick Training for War Work

STRANGE changes come about in a nation that is at war. For instance, there is Prof. William Kerr in Scotland, who has a long string of academic titles to his name and who used to design battleships. He is now designing women's overalls!

This line, however, [illegible] incidental. He is also turning an engineering school for [illegible] men into a training center where women learn how to make ship fittings, guns, bombs, tank parts, radio locaters and various other things needed for Britain's all-embracing war.

The women, too, show surprising aptitude in these unaccustomed lines. They are said to learn in eight weeks a lot of skilled engineering that in normal times "makes a man five years to master." Not that they are getting a whole engineering education in such a short time, but they learn what they need to know for their special jobs, getting a command of the technique if not of the basic principles. And technical skills and speed are the things needed.

Similar situations may be found now in many American factories, although womanpower has been far less fully mobilized and the need of such speed has not yet been felt here.

The Ohio State Journal's Clyde Moore decides that everything is going up. He says, "It used to be the CCC and now they're talking about the seven seas."

As the blindfold tests continue it is now being generally conceded that a long cigaret is longer than a short cigaret.

There may be plenty of gas, but there's none to waste.

Pope's Action Understood In U. S.

—By CHARLES P. STEWART

POPE PIUS' reported polite side-stepping of President Roosevelt's reported request to declare the war against the Nazis "a just war, is spoken of in many Washington circles as perfectly natural on His Holiness' part. Plenty of commentators say they can quite understand why the Vatican should prefer not, as per report, to o. k ANY war as a just war.

If, as reported, the president really sent the request to Rome, by Myron C. Taylor, his personal envoy to the Vatican, maybe the White House doesn't concur in expressions of opinion that the Supreme Pontiff couldn't very well comply with it, as reportedly he didn't. Nevertheless, a lot of critics in our capital give it as their judgment that supposing reports of the request to be correct, F. D. was asking too much.

The whole thing's an unadulterated history of unconfirmed reports. However, they're quite generally believed.

Washington's National Press club in particular, is tremendously interested in the story, because it considers itself personally associated with the present Vatican tenant. He visited it in his previous days when he still was a cardinal, chatted socially with its members, had lunch with 'em and made an informal speech. He was an honored but [illegible] guest. [illegible] the club is [illegible] prepared to endorse. The club's abstract merits don't figure much in the discussion, but Pope is an [illegible] guest at the club is warm. LIKED

AHEAD OF '40

County's Sales Tax Receipts $100,000 Greater.

Richland county's sales tax collections are approximately $100,000 ahead of receipts for the corresponding period last year, the state treasurer's figures showed today.

The county's 1941 receipts to date amount to $489,513, a gain of $99,967 over the tax paid to the same time in 1940.

Representative of the 1941 increase were the figures for the first week of September which showed $13,011 collected in the county as compared with $9,141 for the first week of September last year.

Y. W. C. A. FALL MEMBER DRIVE STARTS OCT. 13

Mrs. W. E. Wygant, Mrs. R. D. Iden to Head Campaign; Workers to Hold Tea.

The Y. W. C. A. fall membership campaign, designed to sustain and increase the present membership of 700, will be launched Oct. 13, Miss Bertha Gregory, executive secretary, announced today.

Mrs. W. E. Wygant and Mrs. R. D. Iden will head the campaign as co-chairmen and, assisted by other members of their committee, will recruit approximately 40 workers to assist in conducting the 12-day drive ending Oct. 24. Mrs. J. H. Boyd, Mrs. Harold Burns and Mrs. E. S. Wendell are other members of the committee.

Plans for the initial workers' tea, Oct. 10, are now underway, according to Miss Gregory. The affair will be held at the Y. W. C. A. and will afford a period of explanation to workers who will be called upon to answer the prospective member's question, "What do I get for my dollar?"

The membership fee of $1 is applied to the general budget of the Y. W. C. A., Miss Gregory explained, adding that "some people do not realize that membership in the Y. W. C. A. is an expression of approval rather than privilege-buying."

"Membership in the Y. W. C. A.," she said, "confirms the member's interest in the association and a desire to extend its fellowship."

Y. W. Committee Planning Series of Book Reviews

A series of at least three book reviews for the fall and winter season is being planned by the education committee of the Y. W. C. A., Mrs. Nina L. Nase, chairman, announced today.

The reviews, to be presented by Mansfield people, will be sponsored by the committee as a means of expanding Y. W. C. A. fellowship, Mrs. Nase explained, and will be open, without charge, to all members of the association.

Plans for the organization of a folk dancing class for young matrons are also being considered by the education committee in response to requests for "gym" classes. Young women interested in membership in this form of exercise are asked to communicate with the Y. W. C. A. office, Mrs. Nase said.

Women Campaign To Speed U. S. Defense Drive

CHICAGO—(INS)—Proving the ingenuity of the fair sex, members of the League of Women Voters have adopted all possible means of conveying their messages urging the nation to "Win the Battle of Production."

A medley of dodgers, auto and taxi-cab stickers, bumper cards, pamphlets, movie screen flashes, window displays, radio programs, and speeches serves as a background to the commotion league members in 1,500 communities are raising to rouse their friends and neighbors from "business as usual" complacency.

One housewife in Connecticut plied tradesmen with pamphlets and made a convert of the laundryman who marched off with an armload to distribute.

In Michigan, Colorado and other states, groceries, laundries, retail stores and utility companies inserted dodgers in packages and outgoing mail.

The League members even invaded union meetings to demand the floor and graphically describe the need to "Win the Battle of Production."

ROUGE SCARCE

LONDON—(U.P.)—Pale faced women are spending their days hunting through London's back-streets, darting in and out of shops with complexions and lips that grow ever paler.

They are searching for lipstick, cream, hair rinses, lotions, and nail polishes.

Beauty preparations in Britain are only sold by quota.

CHURCH GROUP OPENS TWO-DAY SHELBY PARLEY

Delegates Arrive For Central Conference of Lutheran Congregations.

SHELBY—Delegates from churches throughout the Central conference of the United Lutheran church of America began arriving in the city this morning for the two-day 21st annual convention of the conference at First Lutheran church here.

A preparatory service and Holy Communion was scheduled for first session this morning.

The convention formally opened at 1:15 p. m. today with the adoption of the order of business. Election of conference officers and representative to the executive board of Synod as well as selection of the lay and clerical delegates to the Louisville U. L. C. convention were part of the afternoon program.

Highlight of the opening day's program will be the conference brotherhood Fellowship banquet at 6:30 p. m. The program will be in charge of Raymond Pugh of Shelby, Conference Brotherhood president. Main speaker will be H. R. Austin of Akron, teacher of the adult class in the Trinity Lutheran church there.

The morning session on Friday will be open at 8:30 a. m. Speakers on this session's program will be representatives of the Synod including Dr. George W. Miley of Columbus, president of the Synod of Ohio; Dr. I. M. Powell of Columbus, missionary superintendent; George Rinkliff of Springfield, treasurer; Rev. Joseph Frease of Columbus, director of Religious Education; and Dr. Thomas Kline of Akron, chairman of the committee of the children in the church.

The closing session is scheduled to open at 1:15 p. m. on Friday. Installation of officers will climax the two-day program.

A number of the visiting delegates coming from a distance will be entertained tonight at the homes of the members of the Shelby church. Others will return to their homes overnight.

Some 100 delegates are expected here while more than 100 visitors from the represented churches will be present to witness the sessions.

U. S. Bombers Prove Their Accuracy In Louisiana Tests

Wrecked tanks and target pyramids, as well as the churned up earth, bear witness to the accuracy of U. S. Army and Navy bombers in the greatest bombing exhibition in American history at Barksdale Field, La. Flying fortresses, dive bombers and attack bombers vied for honors as the fliers used real ammunition for the first time in the southern maneuvers. Nearly 100 obsolete tanks used for targets were destroyed.

The Caspian sea, covering 169,000 square miles, is the world's largest inland sea.

"I GOT RELIEF—FEEL BETTER SLEEP BETTER. YOU MAY GET SIMILAR HAPPY RESULTS"

Read How Mr. Morris Found Relief From Gassy Stomach Pains, Broken Sleep, Nervousness and Headaches From Constipation . . . By Taking Small Doses of WILLIAMS FORMULA.

You know how suffering can make life almost unbearable—spoil most pleasures—even keep you from work and enjoyment of family and friends. So perhaps you'll take the word of a man who discovered a way to relief, and realize that such suffering may not be necessary. Writing to the makers of Williams Formula, Mr. Gus Morris, Uhrichsville, Ohio, says in these words:

"I have been bothered with stomach distress, bloating and gas. My bowels were constipated, and I was nervous and irritable as a result. Certain foods I ate would sour on my stomach, causing bloating and gas and headaches. Then I saw Williams Formula advertised and started using it.

"I am thankful I did. The gas pains, bloating, and constipation have been much relieved. As a result, I feel better and sleep better, get up more refreshed for the day's work. I am sure glad I found this medicine and can honestly recommend Williams Formula. I say try it like I did because you may get similar happy results."

MR. GUS MORRIS

Make This Easy Test.

If you suffer headaches, nervousness, bad breath, gas pains, muddy complexion due to constipation — little appetite with resultant tired feeling — or smarting acid urinary pains in bladder and passages, then by all means decide to try WILLIAMS FORMULA for yourself, this day. Come to Hursh's Drug Store and get one of the 3 economical sizes. To be sure of many fine actions in one easy-to-take medicine—get the genuine WILLIAMS FORMULA.

"Pitfalls of Love"

(A Sequel to Marriage Meddlers)

By ADELE GARRISON

IF MY father's mandate did not cure my anxiety for Dicky's safety, at least it diverted my attention to another duty. The thought of Lillian facing her great terror over the mystery surrounding her idolized daughter dwarfed every lesser anxiety, and I obeyed my father with alacrity.

"I'll be with you in two minutes, Father," I told him, and in less than that time I had donned my hat and coat, picked up my purse and gloves and was standing at the door. There Mary stopped me.

"Look here!" she said, addressing both of us evidently in sheer desperation, "do you mean I've got to tackle Steve before anything has been said to Noel?"

My father smiled at her indulgently.

"There is nothing for you to do today except get some sleep before you have to go to the theater," he said. "This matter of Redfield, while urgent, must give way to the coming interview with the Underwoods. When we come back from there, your aunt Margaret, doubtless, will have an opportunity to see Noel, and then tonight or tomorrow, you can make your peace with Redfield. So go to sleep now with a clear conscience."

Mary sent me a relieved and quizzical look, and then I went out into the corridor, my father following me. We went down in the elevator, not stopping at the main floor, by my father's order, but continuing down to the basement of the hotel, a region I never had seen before.

Taking Precautions

"It's but a step through here," my father said, as he took my arm and guided me along a winding corridor with doors on either side of it, which finally wound up at an outside door, with steps leading up from it to the sidewalk.

A man stood at the door, and as we came up to him he spoke to some one whom we could not see standing on the sidewalk above.

"How about it?" he asked softly.

The reply came in equally low tones, but it was audible to us.

"Street all clear"

"Then," the man turned to my father, "if you'll please hurry."

He stepped back as he spoke, and with accelerated pace, my father and I went up the steps. Drawn up just outside was the armored car, and as we appeared, a man next the driver who evidently had been watching for us, leaped down, and put his hand upon the door of the rear seat. A man inside the car reached over at the same instant, and pushed down the catch unlocking the door. Then the first man opened the door, ushered us inside—rather; almost pushed us inside—shut the door again, and climbed back to his post, while the man who had unlocked the door locked it again.

Without asking our destination, the driver of the armored car set it going, and it was not until we had threaded three or four streets, turning several corners, that he spoke to my father.

"Where to, sir?" he said.

My father gave him the address of the Underwood house, and then with accelerated speed we traveled through the city streets just waking to life, and drew up in front of the door.

"Go back to the Village," my father ordered as we alighted from the car. "I'll telephone you if I want you"

The driver saluted, but I noticed that he either had trouble in starting the car, or was pretending that he had difficulty. Indeed it was not until the door of the Underwood house had swung open to admit us that the car moved off.

It was Miss Whitlock, trim, calm and efficient as ever, who opened the door to us.

"Come in," she said in low tones, "and find yourselves seats in the library. I'll go upstairs and tell Mr. Underwood you're here. He is sitting beside Mrs. Underwood who is asleep."

"Won't that awaken her?" my father asked.

"Not unless my hand has lost its cunning," Miss Whitlock said, smiling faintly. "I gave her a sedative strong enough to keep her under for eight hours at least"

"When did you give it to her?" my father asked, and I sensed something urgent in his manner, some special reason for the question.

"At four o'clock this morning, when we came back from the trip she had asked me to take with her," the nurse replied.

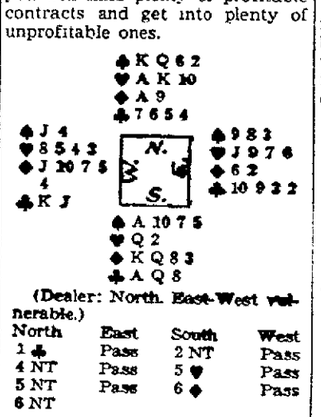
BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

VITAL TO GOOD BRIDGE

ABILITY to handle four-card suit lengths efficently during the bidding is vital to good bridge. Whether you follow some kind of system which forbids opening calls of a major suit less than five cards long, or whether you use some more widely accepted procedure, you must have some way to show four-card suits, with the hope of finding a four-card fit in your partner's hand. Otherwise you will miss plenty of profitable contracts and get into plenty of unprofitable ones.



(Dealer: North. East-West vulnerable.)

North	East	South	West
1 ♣	Pass	2 NT	Pass
4 NT	Pass	5 ♥	Pass
5 NT	Pass	6 ♦	Pass
6 NT			

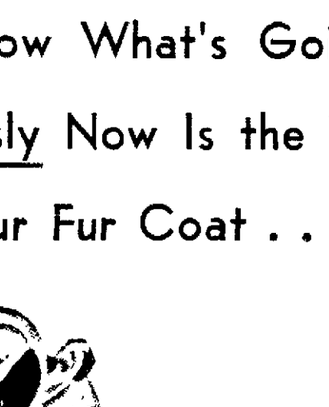
That was terrifically bad bidding, by partners who will not bid a four-card suit unless it contains at its top at least what they call a trick and a half. It resulted in the side being set one. Four tricks were taken in spades, three in hearts, three in diamonds, and one in clubs, no way being found to develop the 12th trick, not even by a squeeze, as East could guard clubs while West protected diamonds.

Much better bidding would have been: North, 1-Spade, South, 3-Spades, North 4-Spades, South 4-No Trumps, North 5-Hearts, South 5 No Trumps, North 6-Hearts, South 6-Spades. That contract could not be beaten, as a diamond could be ruffed for the 12th trick and nothing would be lost except the club finesse to the K.

The only possible way to have made 6-No Trumps would have been by playing the clubs unnaturally, using either the 8 on the first round and the A on the second or vice versa

* * *

Tomorrow's Problem.



(Dealer: East. East-West vulnerable.)

If after East bids 3-Hearts South gets into 6-Spades and West leads the club 5, how would you play this hand?

The favorite pastime of Secretary of State Cordell Hull is croquet.

HOROSCOPE

For Friday, Sept. 26.
By GENEVIEVE KEMBLE

EXCELLENT opportunity for progress, promotion and decisive action along substantial productive lines is indicated by this day's lunar and mutual aspects. It may be a time for forging ahead on constructive plans for major propositions that will stand up under fire, with sound, persistent, intensive application and industry. A time for "striking while the iron is hot" and with vim, bold strokes and high pressure concentrated effort, as well as quick wit sustained by practical methods are bound to attract financial backing ready for great expansion.

If This Is Your Birthday.

Those whose birthday it is may be confronted by a year of very definite openings for forging ahead to important goals of endeavor, with the substantial support of those equipped with ample capital and influence for promotion and production. This must be built up in logical and practical bases, with energy, aggressive and sound tactics and determination.

A child born on this day should have great energy, initiative by sound, steady and profound ideas.

SPECIAL OBSERVANCE TO BE HELD BY CLUB

Business and Professional Women's Club Members to Celebrate National Business Women's Week Oct. 5-11 With Activities.

BUSINESS and Professional Women's club members will discuss the potentialities of each member as a defense worker for duty in war time at their next meeting to be held Oct. 8 at the Mansfield-Leland hotel. The theme of the week will be "Strengthen Democracy for Defense" in observance of National Business Women's week. Guests will be invited for the dinner meeting at which time a sealed program will be presented by a guest speaker.

Members of the B. and P. W. board met last evening at the Evergreens for dinner and business session. Miss Mary Elizabeth Gruber presided for the meeting at which time plans were discussed for the national observance. Special activities will be held during the week of Oct. 5-11 and on Sunday, Oct. 5, members will attend services at the First Methodist church. Miss Rebecca Grubaugh, chairman of public affairs committee, is in charge of arrangements.

Invitations have been received from B. and P. W. clubs throughout the district to attend their meetings during that week. Youngstown meeting is scheduled for Oct. 6, Ashland, Oct. 7, and Galion, Oct. 9. Those from Mansfield desiring to attend any of these meetings are to contact Miss Lenna Mateer, transportation chairman, or the president, Miss Gruber. Announcement was made of a breakfast hike to be held Sunday, Oct. 19, at Mohican state park. Miss Catherine Riggs, chairman of health and recreation committee, is in charge.

Miss Grubaugh will be chairman of the program for the meeting on Oct. 8, assisted by Grace Bonnell Sarah Krumm, Adeline Underwood, Mildred Perry and Dora McLeod. Miss Ara Cairns is chairman of the hospitality committee, with Jennie Konrad, Bess Wickert, Pearl Danback, Faye Cisco and Justine Sterkel serving as associates.

ELECT OFFICERS.

Mrs. Ben Saprano was elected president of the Merry Gals club at the first meeting of the organization held this season recently. Mrs. Fred Bonath was named secretary-treasurer and Mrs. Michael Augustine, reporter. Miss Ann Gregoria, Johns avenue was hostess for this session. Dinner was served at 7 p. m. from a long table decorated with red and white appointments. Bridge was played and prizes won by Mrs. Peter Messer and Mrs. Joseph Stancato. Mrs. Charles Smith, retiring president conducted the business session. Mr. Meer South Main treet, will entertain the club at her home Oct. 7.

Fete Bride-Elect At Susie Janis Home Wednesday

Miss Dorothy Leech, bride-elect of William F. Hoffman, was feted Wednesday evening at the Susie Janis home with the last of the series of pre-nuptial parties. Hostesses were Miss Marguerite Boyer, who will serve as maid of honor at the wedding to be held Friday evening at the St. John's Evangelical church, and her sister, Miss Helen Boyer.

Twelve guests were in attendance for a social evening when a bride's book was made. Contests were also a diversion. At a late hour a luncheon was served at one long table attractively centered with a mixed bouquet surrounded by a tiny silver picket fence. Tall blue and white lighted tapers illuminated the scene. At each place were dainty favors of flower vases on small mirrors.

The guests surprised Miss Leech with a shower of personal gifts and the hostesses gave her a bride's book.

Informal Scenes at State Meet

Guests, speakers and hostesses were photographed Wednesday by The News-Journal photographer when 350 delegates attended the state Garden club of Ohio meeting in Mansfield.

Above are some of the informal shots taken throughout the day. Upper left picture shows C. M. Shipman of Willoughby, guest speaker and authority on buds, talking with Mrs Robert Black, at her lovely home on Millsboro road. In the upper right photo are seen Mrs. Charles L. Lang of Cleveland, who won the individual award for outstanding achievement in horticulture; Mrs. Guy Myers of Ashland, who presented an award to the Willard Garden club for "outstanding unfinished project," and Mrs. Charles Birch, president of the Mansfield Garden club, which received an award for "rapid progress" for a new organization. Center left photo is of Mrs. Lee Smith of Shelby, who was visiting the lovely garden at the home of Mrs. W. G. Moore, Hawthorne Lane. Mrs Moore is at the right. Center photo shows Mrs. W. H. Harwood president of the Willard Garden club, and Mrs. Carville Gorman, registration chairman of the state session, is seen at the right, relaxing after a busy day. Lower photo was taken at the Robert Black home, where guests were viewing the beautiful estate.

GARDEN CLUB PILGRIMAGES FEATURE STATE CONVENTION PROGRAM HERE

Annual Awards Presented at Business Session In Leland Hotel.

By OLIVE GRESMER

IDEAL weather played a big part in making successful a state meeting of the Garden Club of Ohio, held here Wednesday. Several hundred Mansfield Garden club members were relaxing today after many days and weeks of intensive planning and working for arrangements to entertain more than 350 women from all parts of the state. Their tireless efforts were received by the delegates with praise and admiration for the diversified program presented throughout the day.

The schedule arranged was carried through with precision and the garden pilgrimages during the afternoon proved a treat to visitors from large and small cities alike.

At the brief business session held at the noon luncheon at the Mansfield-Leland hotel garden club awards were made. Members of the Mansfield Garden Study club were no little surprised to be presented with Mrs. William Moeller's annual award for "rapid progress" of an organization only four months old. Mrs. Charles Birch, president of the new group received the award for the club which is composed of only 16 members.

Mrs Guy C. Myers of Ashland presented her annual award to the Willard Garden club for their "outstanding unfinished garden project" which is the beautification of parks and gardens in Willard. Mrs W. H. Harwood, president of the Willard club, accepted the prize.

The 1941 award from the Garden Club of Ohio went to the Toledo Garden club for their "unlimited project" which consists of a 10-year promotion of a wild flower garden in that city. It was begun in 1930 and has met with many discouraging incidents since its inception. Mrs. L. A. Christopher accepted the prize.

Mrs. Charles L. Lang of Cleveland received the Dora Gill award for her "outstanding achievement in horticulture." A member of the Fairmont Garden club of Cleveland, she has spent the past three years as radio chairman and the same length of time as flower show chairman for the state organization.

The luncheon tables were most attractive with their centerpieces of pottery birds surrounded by apples, berries and greenery. The lobby and the mezzanine of the hotel was decorated by garden club members with many bouquets of mixed flowers. Pomander apples were favors at each place.

Mrs. William Moeller, of Macedonia, who was re-elected president of the state group, gave a short address at the business session, urging members to continue their beautification of gardens and countryside in this time of world troubles.

Garden Tours.

At the close of the meeting groups of 10 cars each left the hotel for various garden tours. All delegates visited the spacious country estate of Mr. and Mrs. Louis Bromfield at Malabar. There, the informality of country life was viewed, where annuals bloomed in profusion in the hillside garden, and around the lake which is made possible by springs.

Tour one included a visit to the beautiful estate of C. K. King, Park avenue west road, where flowers bloomed in abundance in spite of the lateness of season. Perfectly in keeping with the formal French elegance of the home were the shaded sloping lawns and terraced flower beds. The unusual garden of Mrs. Richard Fensch, Pinecrest, overlooks a wooded section of South park and is a mass of color, with marigolds along the top of a large retaining wall. The garden of Mrs. G. L. Stephens, Marion avenue, is effective with shrubbery planted in unusual manner which serves to form a transition medium between surrounding trees and flower borders.

Mrs. Paul Sturges and Miss Kathleen Stuiges' garden on Overlook road was visited in tour two. Much of the charm of this home surroundings is due to the wooded hillside garden which is in various levels. Mrs. William Bowers, Dickson parkway, opened her lovely formal garden to visitors, as did Mrs O. H. McDaniel, Shepard road.

Tour three included the attractive grounds of Ballylin Farm, the home of the George Draffans, where flower beds and shrubbery are effectively planted. The home of the Robert Blacks is approached by a curving drive lined with white ash trees which pass an extensive new orchard. Although the Blacks have little in the way of flower gardens but the terraces with wooded paths and the many types of shrubbery are an inviting sight. Standard wisteria rise above a thick ground covering of roses and the planting along the wall is treated with effective simplicity.

After viewing the gardens at the Roger Black home, Marion avenue road, it is a shock to realize their planting is a creation of the past year. The trees were transplanted and the grass was planted only a year ago. At the extreme end of the terrace and enclosed by walls of the house on three sides is a charming little garden of formal design with a planting of pink and white geraniums.

Tour four began at the home of Mrs. R. L. Henry, Woodhill road, where there was a congenial blending of flowers and vegetables in the small garden. Mrs. Edward Loughridge, Woodhill road, opened her garden which was a splendid example of the way in which gardens should be moulded and adapted to various family situations. Theirs was designed for early spring, late fall and early winter effect.

Many Blooms.

Mrs Alan Tappan's garden is an effective example of how much can be done with shady locations. Last but far from least is the garden of Mrs. W. G. Moore, Hawthorne lane, whose lovely garden, neither formal nor informal, was a profusion of gorgeous blooms. The hedge-defined garden units at the back of the house include the pool on the terrace, perennial borders, rose beds in formal arrangement and large cutting and vegetable gardens.

As the final garden visit, members came to Raemelton House, and the beautifully cared for gardens of the Donald Blacks. There one finds terrace planting on one side, the adjacent rose gardens, the fall flower border leading toward the riding stables and the unusual rock garden which stretches down from the lower driveway. Concluding the one-day session was the bountiful buffet supper served in the Raemelton Riding Hall. Eighty-five small tables appointed in bright colors and centered with nosegays were placed throughout the hall. Large garden umbrellas gave a gay atmosphere to the scene. Members of the Sundial Junior Garden club assisted with the serving.

SEMPER FIDELIS CLUB.

Mrs. Harry Sullivan, Raleigh avenue, was hostess Tuesday evening at her home to members of the Semper Fidelis club. Following a business session which was conducted by Mrs. Andrew Sunkel, president, games and contests were played. Prizes were won by Mrs. Clyde Smith and Mrs. Harley Humphrey. Luncheon was served at a long table decorated with garden flowers. Mrs. Sunkel will entertain the club at her home on Park avenue east, Oct. 14.

GEN. JOHNSON:

Declare Danger Past In Argentine Plot

By GEN. HUGH S. JOHNSON

WASHINGTON — In all the growing overhead control for the purposes of speeding up industrial mobilization, who is charged with making the maximum and quickest use of transportation? It is impossible to avoid superlatives in dealing with this subject. On the surface they may seem to be exaggerations but they are not.

Johnson

Take the case of a ship loaded with war supplies for England. There are plenty of most kinds of supplies. The trick is to get them overseas. If the "turnaround" (time consumed in loading, unloading and round trip) of that ship is cut in half, it is not hard to see that what you are doing is just doubling both the rate and the amount of supply.

No amount of jumping up and down and yelling about the need for increased factory effort would be half as effective as a successful attempt to increase the speed of transportation both here and abroad. We found that out during World War I when we cut in half the "turnaround" time of trans-Atlantic ships — transports and freighters.

If it hadn't been done we could hardly have made half the effort we did. It was done by a variety of devices the best of which was increasing the speed of loading and unloading both by mechanical devices and bettered organization and unrelenting drive and effort.

The case at sea is not quite the same now due to distances and lack of port facilities, but the principle is the same for the domestic or even the overseas problem.

Take as another case the supposed gasoline shortage in our eastern states. It is quite clear now that there is no gasoline shortage. It is a transportation shortage. So what do we do? Mr. Ickes says, "Build a pipe line." Mr. Wallace's SPAB says "No soap" —or rather—"No steel."

The Association of American Railroads says, "Use our idle tank cars." Mr. Ickes' people say their idleness is "theoretical." I have seen the figures on both sides. They are contradictory. But this is just a question of fact. Somebody ought to be able to decide what is truth. Look out your car window as you pass through oil towns or distribution centers such as Savannah. There you will see rank on rank of empty tank cars. I am informed that the average standstill at Savannah of 133 tank cars in July was 15.4 days. Of 45 cars the standstill was 36.6 days and of some 15.7 days.

I use these somewhat controversial figures only by way of illustration of the fact that some dynamic two-fisted guy should be given the job making our tremendous transportation system click into high gear. Sure, I know that Ralph Budd who is a top-hole railroad man has a little fraction of the job as to railroads. The maritime commission has part of it as to ocean transport and Jerry Land, head of that commission, says that at least a part of the solution is concrete barges for towing—as this column advocated months ago. But who pulls all these guys together, including Mr. Ickes, and gets a combined and agreed result? The answer is as in Bert Williams' classic song—"Nobody."

Since this column started to point up this discussion it has been deluged with suggestions — for example, that trucks freighting east from the unrestricted area be required to carry the gasoline for their return trip in drums and that eastern truck freighters headed west stock up out there, et cetera. None of these suggestions alone will solve the problem but a combination of them could dent it. Who is doing that? Again, "Nobody."

SAYS ATLANTIC SHIPPING LOSS MATERIALLY CUT

Chief of Naval Operations Cites Reduction During Last 60 Days.

(By United Press)

WASHINGTON — House appropriations committeemen today quoted Admiral Harold R. Stark, chief of naval operations, as reporting that North Atlantic shipping losses have been reduced materially in the last 60 days—the period of increasing American naval activity in the area—but are still dangerous.

This information was submitted by Stark in testimony before the house deficiency appropriations sub-committee in support of the president's request for new lend-lease appropriation of $5,985,000,000 which includes $850,000,000 for new ships.

Stark told the committee, these sources said, that last spring's rate of sinkings, which Mr. Roosevelt said exceeded the combined American-British capacity to replace by three times, had been cut sharply.

But, he added, the rate continues at a serious pace and no miracles should be expected of this government's decision to clear the North Atlantic shipping lanes of Nazi "rattlesnakes."

He informed the sub-committee that the present American naval policy was to convoy British supply ships as far as Iceland where they are picked up by the Royal navy and then escorted to British ports.

He was quoted as saying that the navy is "convoying plenty of ships and making no bones about it."

The job of providing protection for merchantmen is being handled by a strongly reinforced Atlantic fleet, appropriations committeemen concluded from Starks' testimany.

Leaders of both houses expected an early conference with Mr. Roosevelt on the extent of the legislation to revise the neutrality act, which now prevents American merchant ships from sailing into combat zones as well as prohibiting the arming of these vessels.

Up and Down the Street

The boys and girls at Country Day school had their train trip to the Crestline Round House this week supplemented with the display of a model locomotive at the school yesterday. Made by John Sulzer, 35 Chestnut street, the engine, weighing 35 pounds, is constructed of sheet brass, steel and cast iron. It was built as a leisure-time project of Sulzer, a retired Aultman and Taylor employe, and consists of 1,760 parts.

G. F. Farst, Mansfield jeweler, had the unusual experience yesterday of almost being hit by a dog that dropped out of the sky. As Farst walked along South Main street a bulldog came hurtling from above and grazed his shoulder, landing on the cement at his feet. Although knocked unconscious by the fall, the dog soon revived and apparently will recover. Its owner, a painter, was working on a building above the walk. He explained that the dog was on the roof with him and lost its footing, tumbling about 30 feet.

The walls of the new pavilion to be constructed this fall in Maple Lake park will probably ring with the echo of humming automobile tires Bricks removed from West Fourth street in the repaving project last year will be used to construct the pavilion. Bids for the contract will be opened Monday noon in the office of Service-Safety Director C. M. Crafton.

OFFICIALS SAY NATION QUIET AFTER ARRESTS

Head of Air Force Missing as Rumors Fly Fast In Buenos Aires.

(By Associated Press)

BUENOS AIRES—The government today declared all danger past from a movement described officially as a coup d'etat conspiracy, but rumors continued to fly thick and fast as the public sought explanations of the mysterious plot.

Acting President Ramon Castillo said absolute tranquillity prevailed following the government occupation of military airports, arrest of some 20 aviation officers, and immobilization of the nation's 200 first-line warplanes

He denied that General Angel M. Zuloaga had been relieved of command of the U. S.-trained air force, although the possibility that the 56-year-old officer had resigned was not excluded.

The Andi news agency said it was informed by a high military source that Zuloaga was out as a result of the abortive plot among air corps officers.

Andi quoted its informant as saying Zuloaga himself asked to be relieved of command, not admitting complicity in any plot but being offended by the army's attitude. Zuloaga himself was not to be found.

Current rumors ranged from one that the incident was an incipient totalitarian-inspired putsch to another that the government itself planned the affair to arouse popular feeling in its favor.

Acting President Castillo charged that radical party members, nationalists and others were involved. At the same time, he said the plotting had little importance.

Troop detachments as large as battalions, which total 900 men in the Argentine army, patrolled the air fields, military planes were ordered grounded until Saturday and aerial bombs and munitions were under guard.

The charge of Castillo, member of the conservative national democratic party, that radicals, nationalists and others had plotted against the government drew a concrete protest from the house of deputies, where the radical party is dominant.

The angered radicals, actually followers of a liberal middle-of-the-road policy, blocked house approval of a proposed $110,000,000 loan from the United States for execution of Castillo's economic rehabilitation program.

Party spokesmen said the chamber would not vote any administration proposal until the political atmosphere had cleared.

SEEK 'FRIEND'

Police Seeks Los Angeles Man In Wealthy Woman's Death.

LOS ANGELES—(INS)— Revealing a strange new aspect of the mysterious murder of Mrs. Florence Stricker, wealthy 43-year-old wife of a drugless healer, Police Captain Vernon Rasmussen said today that a search was being conducted for a "married man, a friend of Mrs Stricker."

"This man," said Rasmussen, following a coroner's inquest in which a jury returned a verdict of homicide but declared itself unable to name the murderer, "is a friend of Mrs. Stricker, who disappeared from his Los Angeles home the day after the murder, Saturday, Sept. 13, and who has not been heard from since."

WARNER DENIES FDR CONTROL

Says Milwaukee Convention Truly Represented Legion.

TOLEDO— (INS) —Milo Warner, past commander of the American Legion, today denied charges made by Governor Julius Heil of Wisconsin that the recent Legion convention in Milwaukee was controlled by President Roosevelt.

Warner, who presided over the convention, declared some delegates may have been governmental employes but that the 1,500 delegates from the entire country truly represented the Legion and action taken was not "steam rolled" as asserted by Governor Heil.

During the convention, Legionnaires strongly endorsed the administration's all-out aid to Great Britain, including the sending of another expeditionary force.

ENROLLING OHIO 'GUARD OF AIR'

4,000 Application Blanks Are Ready For Distribution To Private Pilots.

(By Associated Press)

COLUMBUS—Letters were addressed to Ohio's 3,740 licensed private pilots and some 4,000 application blanks were bundled for distribution to airport managers today as the state division of aeronautics hit high gear in its campaign to enroll Ohio's home guard of the air.

"Our response so far has been most enthusiastic," said Earle L. Johnson, state aeronautics director. "As a matter of fact, we had to send application blanks in advance to the Cleveland airport. The manager told me today that 71 of his pilots already had arranged to sign up."

Johnson said he hoped to enroll at least 2,000 pilots and as many mechanics and radio men as possible in what is to be known technically as the Ohio wing of the civil air defense service.

"We are doing everything possible to get this movement well under way in Ohio before the national campaign is announced sometime within the next week or so," Johnson added. "This appears to me the best way to assure amateur fliers of maximum flight opportunity should the government feel it advisable to ration fuel supplies.

"The exact obligations of Ohio wing members have not yet been determined."

Johnson said present plans called for the creation of home guard squadrons in every Ohio municipality that has an airport.

SAYS STATE CAN IGNORE QUOTAS

Attorney General Extends Ruling On Wheat to Counties.

COLUMBUS —(INS)— The state or any of its county subdivisions may plant and harvest wheat without regard to federal quotas or penalties, Atty. Gen. Thomas J. Herbert ruled today.

The attorney general's action was taken on request of Prosecutor William G. Wickens of Loram county, where flour supplies at the county home are running low and the superintendent is unable to have county wheat ground because he has no federal marketing or quota card.

While the Loram county home has only a little more than 30 acres of wheat and the penalty for excess harvest would run to only $109, various state institutions have 1700 acres planted to wheat.

RESUME TALKS

Harvester, Union Representatives Discuss Labor Dispute.

SPRINGFIELD —(AP)— Brought together by a federal conciliator, a bargaining committee of the United Automobile Workers (CIO) resumed conferences today with representatives of the strike-bound International Harvester company motor truck works.

Andrew A. Meyer, from the Cincinnati office of the U. S. conciliation service, also arranged a meeting for later in the day between representatives of the UAW and Ohio Steel Foundry Co., closed in another walkout.

'SERGEANT YORK' TO OPEN IN 2 THEATERS HERE AT SAME TIME

For the first time since the world premiere of Louis Bromfield's "The Rains Came," two Mansfield theaters next week will show the same picture at the same time.

This won't be a premiere, but the initial Mansfield showing of one of the most highly-publicized pictures in years, "Sergeant York." It is the story of the heroic Tennessee mountain boy who, in the last World war, almost single-handedly captured 132 German soldiers and some 35 machine guns.

"Sergeant York" will play simultaneously at the Ohio and Madison theaters at an 11:30 p. m. show Friday, Oct. 2. All seats will be reserved, and the reserved seat sale opened today at both houses. On Saturday the picture will open a week's run, at continuous performances at the Ohio, according to William Harwell, manager of that theater.

Reviews of "Sergeant York" in the metropolitan papers have been warmly enthusiastic, over the work of Gary Cooper as the Tennessee mountaineer, Joan Leslie, the 16-year-old Broadway sensation, making her debut in the films as Sergeant York's sweetheart, and others in the cast.

Because of the number of real-life characters who are portrayed in the picture, it was necessary to obtain their permission to depict them on the screen, and all from General John J. Pershing on down, agreed. President Roosevelt personally congratulated Sergeant York on the excellence of the picture, though York's actual part in it was only the selection of Cooper to personify him.

WINDS UP TOUR

Defense Caravan That Visited Mansfield Finishes Task.

The nation's first "defense caravan," which stopped in Mansfield on Sept. 16 on the second day of its eight-day tour of Ohio's subcontracting areas ended up in Cleveland last night.

Herman H. Lind, deputy regional coordinator for OPM's division of contract distribution, said that more than 4,000 persons visited the caravan. He estimated that this number represented about half the total of subcontractors in the area.

The caravan started in Columbus and wound through Mansfield and four other Ohio cities and Erie, Pa, before disbanding in Cleveland. Approximately 100 manufacturers from this area visited the group in Mansfield.

The primary purpose was to place potential sub-contractors in touch with big contract holders so they could continue job discussions later.

REACH ACCORD

Ickes, Jones Agree On Plan to Increase Gasoline Output.

WASHINGTON — (UP) — Defense Oil Coordinator Harold L. Ickes, asserting that a "decided shortage" of 100 octane aviation gasoline is in prospect, said today that he and Federal Loan Administrator Jesse Jones have agreed on a tentative program to treble output of this fuel.

FOUR JOIN NAVY

Regular Service Gets Three From Area; Reserve Gets One.

Four youths from the Mansfield area were enlisted in the U. S. Navy today, according to Recruiting Officer William G. Cox.

Ivan B Phelps, and Manuel J. Sergent, both of Shelby, and Charles E. Karth of Ashland, enlisted in the regular navy. Billie D. Walter, Bellville, enlisted in the machinists' school in the naval reserve.

FBI Seeks Cause of $100,000 Fire At Oil Refinery

WHITING, Ind. —(INS)— Agents of the federal bureau of investigation today began assembling evidence in an effort to determine the cause of yesterday's spectacular fire at the Standard Oil company refinery in Whiting, in which one man was killed and at least 20 injured.

Damage from the blaze was estimated at $100,000 by company officials, who said the cause was unknown. The company expressed doubt any evidence of sabotage would be found, but added that such a possibility was not overlooked.

The FBI entered the inquiry because the plant is engaged in the manufacture of airplane gasolines for the government.

More than 30 oil storage tanks were destroyed during the conflagration, which roared through the 700-acre refinery—largest in the world—for nine hours. The blaze apparently started in the No. 1 treating plant, but spread rapidly as the intense heat exploded other refinery units.

CHAPTER X

Mrs. Mayfield saved Thad that particular worry. When he laid his investment possibility before her she asked if she might put in $500 of her own.

"I — I — yes, Mrs. Mayfield," Thad was relieved. "I wasn't sure you had any ready cash, ma'am, and I didn't want to embarrass you, I mean—"

"I didn't have, Thad, and to tell you the truth I was distressed until yesterday. Out of a blue sky a man came and loaned me $500. All he would take is a mortgage on my back lot here. But he said I would probably need some ready cash today—he said it! He said I could expect you!"

"Hmmm!" Thad murmured, in surprise.

"Yes, I am lucky to have two such friends. Thad, can you guess the other one?"

"Mrs. Mayfield, I'm sure you have lots of—"

"It was Dallas Tower. He is a most remarkable young man!"

At 10 o'clock one night the telephone rang and Lillian herself answered it.

"Why Dallas!" she exclaimed, when she recognized the caller. "It's good to hear you!"

"Were you about to go to bed?"

"No, silly! Not this early"

"Gang of hoodlums hanging around the porch, no doubt?"

"We-e-ell, Dallas—"

"I know, I know. Be there myself if I could. Haven't seen you in years. Lillian. Could I—look, could you possibly plead a sore throat or something and call a doctor in? Or, say, slip off from the gang and meet him down by the front gate in 10 minutes?"

She smiled to herself there at the phone. "It's very irregular but—I'll do it! Ten minutes, Dal!"

It was, in truth, irregular. But Dal Tower had to be an exception She knew he had been working literally night and day. She knew why he hadn't called to see her for more than a week (he called it years). She knew that he doubtless had been to see patients this very evening, and here at about 10 suddenly found himself free. If he didn't hurry, didn't literally run away from his office and his room and the hospital and the drugstore, some other patient would summon him. Not that patients weren't essential but—a man must relax some time.

* * *

Several people were on the porch tonight and Martin Deale was playing the piano while they sang. Lillian felt she wouldn't be missed from the happy hullabaloo so she didn't bother to tell them where she was going At the front door, though, alert old Jason accosted her.

"You goin' off this late, Miss Lillian?"

"Sure, Jason. Dr. Tower has a free half hour."

"Sho nuff! Ah wondered had he done forgot you!"

Dal's headlights caught her white print dress near the parking tree, and he opened the car door for her.

"Well, Miss Mayfield," he began somberly, "just what are the symptoms?"

"Severe neglect," she shot back.

"Ah hum Yes. Let me feel your pulse."

He lifted his right arm, as if to put it around her.

"I have a pulse here on my left wrist, doctor. If you must feel."

"Consider me squelched!"

They both laughed.

"You know," said he then "I kissed you once, impulsively. And you didn't get angry. Ever since then I've known you didn't misunderstand me. I wasn't just—necking"

"Of course you weren't, Dal. If ever you try that—golly, I'm no prude, but the boy I kiss — I mean, really kiss — is going to know it! And is going to have a hard time not marrying me"

'Ouch!" Dal murmured, looking ahead. "Prescribe me that!"

"Shall we lift the conversation to—to—oil, let us say? You have headed right into the oil field, Dal."

"Did it automatically. Most of my calls are out here. I can turn and—"

"No Let's stop up on the Granite Butte and look at it"

The Butte was a natural lookout point. From it they could see not one derrick outlined in lights, but nearer 100. All of them had mushroomed in less than three weeks.

"It's unbelievable!" Lillian whispered.

"But true! And Rangeville is vastly different from what I found it. Twice—no, five or six times as large. And bustling 24 hours."

"I know. Mother is terribly upset, Dal She resents all the change and crowding in Even her church has leased its site, near the courthouse, and they're going to drill right on it"

"I heard. But they got enough money to build a fine new church on Buford Hill. If they strike oil the church will get royalties and have enough to hire six ministers. But I hear oil talk all day long and I get fed up with it and I came out to talk romance"

"Suits me kiddo" Lillian nodded "Let's pretend something, hunh? Say for instance that I am Guinevere and you are Sir Lancelot with a—"

"That's out. I'm a realist. Here's a very real—not a play like—box of candy to prove it. It's five pounds and it cost me $7.50, doggone it. Women are expensive."

* * *

He reached behind the seat to bring it to her, a truly gorgeous box of chocolates.

"Oo-o-o-o-o, Dal'"

"Yumph! The old gush act now. Leading me on. Probably begin hinting or something else soon. Gold digger. No, oil digger is a better term in this region."

She was blithely ignoring his banter. "Just keep running on mister' I'm not listening. I never listen with my mouth full. Dal, you're a darling. Thank you ever so much."

"A darling!" He suddenly chuckled. "I wish my artist friend could have heard that' Whoops!"

Lillian sobered. "Hush, Dal. Martin is really a very good artist. And a friend of long standing."

"Oh the boy can paint. I haven't a thing against him."

"He's at the house now."

"Naturally."

"You haven't seen each other much since—since those first heetic days, have you?"

"No. I've dodged him."

"Why? I don't think Martin harbors a grudge"

"I'm scared of him."

She turned slowly to look at Dr. Tower.

"No" said she, simply.

"And anyhow Thad Monroe ordered it. That's the worst part about this whole scheme—I like Monroe immensely and I've got to fight him!"

"Whatever are you talking about, Dallas?"

He smiled wryly, looking off "Anyhow I'm glad Monroe is in the money. He deserves every good thing. And he had already made himself independent in this boom. I think he's the most unselfish man I ever met."

Lillian nodded, then spoke with a hint of sarcasm. "That clears up everything, of course You've got to fight him, and he's the most unselfish man you ever met"

'Yump. Say chile, what say we run over to Kilgore and dance" It's hardly eight miles Pike road"

* * *

She agreed. Patently he wanted to change the subject, however near to a confidential moment he had drifted And it would be good to dance with him.

Kilgore was another once sleepy town now getting a vicarious thrill out of the oil field excitement, and feverishly engaged in "Hot Play" of its own. That is, leasing and land speculation were rife here. An old-time dance pavilion had been refurnished, with the most expensive orchestras money could hire. In two weeks it had earned a reputation for wildness but as yet neither Lillian nor Dal knew much about the place. They simply elected to go to it.

Even here at 11 o'clock or so the crowd was warming up Easy money brought in many couples from every walk of life.

"Judas, what a mixture!" Dal murmured, looking over Lillian's shoulder.

"Democratic," she agreed, swaying with him.

Her one word, surprisingly, was almost a prophesy. For as the music stopped, ending the dance, a strange girl was at their side looking at handsome Dallas Tower. She had carmine lips, deep knowing eyes.

"Dally boy!" the new one cried, in high elation.

Dallas smiled, automatically. But the smile sort of froze on him.

* * *

The girl had left her own party and she came to Dal and flung her arms around him, hugging him close. In the quick interval of waiting Lillian saw that the girl was youngish and had hair as taffy-colored as her own. Moreover, she was undeniably pretty.

"I—excuse me—I—"

Dal tried to interrupt her—and found himself kissed full on the lips! He drew back, shocked, wide-eyed.

"Dally, I'd know you anywhere! Come on over with us, you big old sweet! I told you we'd meet again. I just knew it! Do you have to bring the girl friend or can you hang her on the line somewhere?"

Lillian Mayfield, of East Texas' aristocratic Mayfield family, suddenly realized that the other girl was boldly trying to shake her and lead Dallas Tower away.

SHILOH EXPECTS THOUSANDS AT HOMECOMING

Program Opens Friday With Ox Roast Saturday Ending Two-Day Affair.

Thousands of visitors will descend upon Shiloh Friday as that Richland county village begins a two-day program of events scheduled in connection with its annual homecoming and ox roast.

The Boone County Jamboree from Cincinnati radio station WLW headlines the opening day's program, presenting two perform-

Saturday's events begin with a ances in the afternoon and evening.

morning trap shoot followed by a full afternoon program that includes a band concert at 1 p. m., a six-man football game at 1:30 p. m. and a soft ball game played by girl teams from Mansfield and Ashland.

Free acts will be presented both days and a popular Cleveland orchestra will furnish music for dancing as the final feature on the program.

The ox roast will be served Saturday beginning at 7 p. m. and preparations for that affair began today under the supervision of Marion Seaman, who has charge of roasting the ox.

24 More Qualify For Army Service At Examinations

Twenty-four more young Richland countians qualified for induction into the army yesterday following physical examination at the Mansfield Armory.

Boards 1 and 3 ordered a total of 44 youths to report for physical check-ups as the county's selective service boards speeded up their examinations to have selectees ready to fill the call for 131 youths by Oct. 6 or soon after that date.

Physicians and dentists qualified 14 of the 24 youths sent to the Armory by Board 1 and 10 of 20 sent by Board 3. Board 2 ordered 12 to report for examinations today.

Clerks said all of the youths who passed their physical tests yesterday are almost certain to be called in October which is expected to take more selectees from Richland county than any month since induction began last fall.

The number of visitors to the famed Catholic shrine at Lourdes, France, has increased many times since the start of the war.

WINNERS LISTED IN DEFENSE CONTEST SPONSORED BY STORES

Robert S. Hanes, 267 West Fifth street, received the $25 defense bond presented by the Retail Merchants association to the first prize winner of the Defense Stamp Window contest sponsored last week as a feature of "Retailers for Defense Week."

Eighteen persons shared in the $40 awarded winners of the contest which required entrants to list the exact location of three defense stamps hidden in the contest windows of 18 participating stores as well as to write a 25-word statement beginning with, "Buy Defense Stamps because . . ."

Mrs. Geraldine Rizzo, 51 South Main street, was awarded the second prize, a $5 Defense Stamp. One dollar in Defense Stamps was presented each of the following winners: Mrs. Frank Kmetz, 104 Massa street; Forrest Williams, 49 South Diamond street; Lawrence Robinson, 304 Hammond avenue; Mrs. Agnes Schiffe, 191 East Second street; Ann Schoenman, 315 West Fifth street.

Fifty-cent defense stamps were presented to J. Hoeffler, jr., 444 Marion avenue; Robert Wright, 750 Maple street; Robert Oakes, 217 Lexington avenue; Alice Reece, 134 West Second street; Dan Cherwinski, 234 North Bowman street; Owen Hegarty, 322 Ruth avenue; John Schiffel, 191 East Second street; Mrs. Paul Etzwiler, Mansfield R. D. 2; Mrs. D. M Zellner, 264 Glessner avenue, and Jean A. Robinson, 304 Hammond avenue.

BLUE TRI CLUBS PLAN PROGRAM

Cabinet Members From Four Groups To Meet Saturday at Hartman Farm.

Blue Tri clubs of the Y. W. C. A. will set up their program for the coming year Saturday at an all-day cabinet conference to be held at the Hartman farm near Little Washington, Mrs. Ivan Miklich, program chairman, announced today.

The 30 cabinet members representing four Blue Tri groups will assemble at the building at 9:30 a. m. for transportation to the farm and will take provisions for an outdoor lunch at noon.

Chief feature on the program will be a panel discussion on the subject, "The Girl Today and the Woman of Tomorrow," led by Mrs. Harold Neese assisted by a group of Blue Tri members.

The cabinet of each group is responsible for a stunt following the opening exercises conducted by Miss Camelia Callene and the singing led by Miss Maxine Bush.

POISON CURE

FRANKLIN, Ind.—(U P)—Poison-ivy victims have beat a path to the local blacksmith shop here to dip their itching arms and legs in the smithy's cooling tub

The tub, in which red-hot irons from the forge are cooled, contains iron oxide which old-timers say is an excellent poison-ivy remedy.

FIRST MEETING

Richland County Teachers To Convene at Butler.

Members of the Richland County Teachers association will hold their first fall meeting Oct 2 at Butler high school, Olan LaRue, Madison township school superintendent and president of the association, announced today.

At the meeting K. C. Ray, new Ohio state director of education, will talk and new officers will be chosen.

Serving on the nominating committee for the election will be E. J. Joseph of Shiloh, W. H. Miley of Bellville and Kate Bergman of the Union rural school.

Dinner will be served at 6:30 p. m. to start business proceedings.

Nearly 60,000,000 automobile tires are sold in the United States annually.

PRIORITIES HIT SCHOOLS HERE

Mansfield, Madison Districts Have Difficult Task Getting Paper Supply.

Due to national defense priorities schools, in the Mansfield area are experiencing delays in shipments of school materials.

Both J. B. Moke, purchasing agent for the Mansfield schools, and Olan LaRue, superintendent of the Madison township schools, today reported that certain items used in their institutions were hard to obtain.

School text books are the hardest item to obtain, LaRue said while Moke claimed that certain grades of paper were the hardest to get on his list.

Moke also reported difficulty getting prompt deliveries of copper wire for shop courses and metal for the national defense training courses at Senior high school.

"Due to the amount of paper consumed by the federal government in Washington," Moke continued, "paper manufacturers will not even quote prices on certain types of mimeograph papers."

HITS ORDERS

McGregor Says Priorities Won't Use All of Steel.

Replying to a plea of the Richland County Industrial Union Council for more defense orders for industries in the Mansfield area, Congressman J. Harry McGregor, representing the 17th district, predicted today that the nation will have "starvation in the land of plenty" unless a critical shortage of raw materials for small business is remedied.

McGregor issued the statement from Washington, adding that the government had placed steel under defense priorities, but defense production will use only 14,000,000 tons of the nation's 90,000,000 tons of steel scheduled for production this year.

Citing the furlough of 700 We inghouse workers because t Mansfield plant is unable to g steel for domestic production, t Industrial Union Council recent sent letters to McGregor and t two Ohio senators urging them use their influence to get defen orders for factories here to ave further lay-offs.

Save Dainty Personal Garments From Blight of Wash-Bowl Scum!

It dulls colors, spoils sheerness! Try VEL suds and see the amazing difference!

DON'T IMAGINE YOU MUST let wash-bowl scum (other suds make it) dull the dressy, new color of dainty slips, stockings and colored prints. Because exciting new Vel suds never leave a speck of wash-bowl scum to turn colors gray and drab, make fabrics feel coarse and wooden.

SO WASH YOUR NICER THINGS with Vel! See how quickly these soft, dirt-removing suds coax out soil—yet rinse clear out, in a jiffy, leaving stockings, dainty peach-bloom silks, soft cozy woolens shimmering sheer—luxuriously alive with color.

Sport Podge

by REX HESS

This is a plea to the bowlers of Mansfield for a bit of cooperation so that we can all be happy.

I don't know whether the plea should be addressed to league secretaries or team captains. Maybe it should go to both.

Since the beginning of the bowling season, scores have been coming into this office without the names of the teams, and at times without the names of the leagues in which the scores were bowled.

Efforts by this department to guess under which leagues the scores are supposed to go have resulted only in my embarrassment.

* * *

I did think that putting the entire responsibility for accuracy in bowling scores upon the alley management would solve the problem. But of course it didn't.

The alley management is entirely new to Mansfield bowling. They can't look at a score sheet, as the Meders could, and tell at a glance what team in what league rolled any particular score.

* * *

Those mixups made my face so red,
I knowd I shoulda stood in bed.

* * *

I've gotten used to incomplete, illegible, and missing box scores during the softball and baseball season, but I really expected something better from the bowlers. They're so much better organized.

I'm not talking about any softball or baseball team in particular. Their failure to provide adequate information occurred so often we can speak in generalities on that subject.

And there were at least two times that scores were lost somewhere between the front door of this office and this desk. So the teams weren't always at fault.

* * *

But with the good organization which the Mansfield Bowling association boasts, it seems to me we shouldn't have that business of incomplete and inaccurate scores extending on through the winter.

Last spring numerous bowling team captains asked me: "How can we give our sponsors a break with a little publicity?"

And I told them that this year, instead of running all the bowling scores under one general head, we'd break up the leagues into separate stories, and in that way sponsors' names could get in the headlines now and then as their teams deserved headlines.

But when the names of the teams fail to appear on the score sheets, the sponsors can't possibly receive any benefits from this new system.

* * *

So-o-o. If team captains will make it their responsibility to see that the blank lines on the score sheets for names of teams and leagues are filled out before they start bowling, everything will be o. k. Thanks, boys and girls.

Fight Fans Boo Decision

Riot In Protest of Award To Cleveland Boxer.

CLEVELAND —(U.P.)— An irate, howling mob of boxing fans stormed into the ring at the Cleveland Arena last night to protest against the decision in favor of Jimmy Reeves of Cleveland in his 10-round fight with Jacob La Motta of New York. An organist helped quiet the riot by playing the "Star Spangled Banner."

* * *

La Motta, Italian-Jewish lightheavyweight, smashed Reeves through the ropes and knocked him down five times in the final round. When the decision in favor of Reeves was announced, the fans began to boo and shout, and in short order, had piled into the ring, pushing, yelling and gesturing at the officials.

* * *

Several fans surrounded Boxing Commissioners Tris Speaker and Charley Bethel and started throwing punches. The police were unable to clear the ring or restore order of any sort until the National Anthem.

La Motta weighed 167 and Reeves 166. According to the United Press scoresheet, La Motta had the edge throughout the fight.

IOWA PLAYS DENVER

AMES, Ia.—(INS)—Twenty-nine Iowa State gridders will entrain tonight for their first trip of the season. The Cyclones play the University of Denver on the latter's home grounds tomorrow night.

Butler and Krupp Get In Lineup

Tygers Make Changes For Game at Elyria.

MANSFIELD High Tygers rested yesterday afternoon in their gridiron preparations for tomorrow night's game at Elyria, but they were hard at it last night at 7 o'clock in their last hard scrimmage of the week under the lights at Stadium field.

Coach Paul Snyder said today that Wednesday night workouts under the mazdas will be a regular part of the Tyger training program in preparation for night games for the rest of the season. He wants this one big practice session of the week to be under game conditions.

* * *

Snyder has been working on two changes in the Tyger lineup in preparation for the Elyria game. John Butler, blocking back, is being used in Ed Arlin's tackle spot, Arlin having come out of the Akron West tilt with a bruised shoulder.

* * *

Ken Krupp's showing in the West game appears to have won him temporary starting duty in the Tyger backfield, with Chuck Condon held for reserve action.

The Tygers have been cheered this week by the return of Louis Nameth, hard-driving back, to the practice field. Sidelined up to now with a back injury, Nameth reports his back isn't bothering him any more, and he's been able to go through signal drills.

Snyder said he didn't know how much action Nameth would see this season, "But I do want him back and in condition to go next fall. We'll need him then."

The veteran Mansfield team will find four members of last year's Elyria club facing them tomorrow night. They include Gay Marsh, halfback who was the outstanding Elyria star in 1940, Rudy Wisniewski, 180-pound end, Sam Polen, 185-pound guard, and Ray McNeal, quarterback.

* * *

Against Oberlin Marsh was used chiefly on reverses to the weak side and as a pass receiver with Steve Traicoff, shifty little 135-pound halfback, doing most of the ball carrying on the strong side, and also tossing the passes.

* * *

The Elyria line averages 172 pounds and the backfield 158. On defense Elyria uses a 5-3-2-1 lineup in midfield, and a 6-2-2-1 in dangerous territory.

This setup guards against a passing attack and long runs in midfield, and a more concentrated attack in front of the goal line, and its something which fans will see often this fall.

Twin Brothers Tangle Again

Bill and Dave Query Boast Undefeated Teams.

SHELBY — Shelby and Willard high school football teams coached by Ohio's only twin brother mentor's, William Query of Shelby and David Query of Willard, will meet under the floodlights at 8 p. m. on Friday at Willard.

* * *

Both teams are undefeated so far this season and have the best elevens that they have had in recent years.

* * *

The Whippets will depend on Quarterback Bob Laubie as a triple threat in the game while the Railroaders have a similar back in big 208-pound Fullback Junior Whisler. Both teams have heavy lines.

Willard came through in good shape against a green Norwalk squad to win a victory, 26 to 7.

Coach Bill Query expects to use about the same lineup as started in the Norwalk game last week which would include Bob Ernsberger, left end; Dean Metz, left tackle; John Elliott, left guard; Donald Broderick, center; Boyce, right guard; Jim Nimmons, right tackle; Ray Simon, right end; Bob Laubie, quarterback; Junior Bonecutter, left half; Bob Roberts, right half; and George York, fullback.

PITTSBURGH STEELER COACH RESIGNS

PITTSBURGH — (INS) — All Pittsburgh wondered today who would be appointed to fill the vacancy so unexpectedly created when Bert Bell, part owner and coach of the Steelers, handed in his resignation and announced another coach would be appointed within 24 hours.

In a statement, Bell announced he would continue as Art Rooney's partner with the local professional football team and attributed his resignation to the fact that the Steelers have already suffered two defeats in two starts this season.

If Keller Plays, Yankees Have Best Series Outfield

By GAYLE TALBOT

NEW YORK—(AP)—A true comparison of world series outfields is difficult to obtain as long as Charley (King Kong) Keller is limping around on an injured ankle and doesn't know, himself, whether he will be ready to take the field for the Yankees next Wednesday or merely make an occasional appearance as a pinch-hitter.

* * *

If Keller is ready to start the series, as seems highly doubtful, then the American league champions will hold a decided superiority over either the Brooklyn Dodgers or the crippled St. Louis Cardinals. If the Yanks have to start the fading George Selkirk in left field, then it would be necessary to cast a hesitant vote for Brooklyn's well-rounded trio of .300 hitters —Joe Medwick, Pete Reiser and Dixie Walker.

* * *

The latter would be a perilous decision to make, because, after all, Joe DiMaggio, baseball's greatest all-around star, still is sound of wind and limb and playing center-field for the Yankees. But without Keller to follow him in the batting order, DiMaggio's threat to the enemy becomes sharply curtailed.

The two of them while playing together this season have comprised possibly the most effective one-two punch baseball has seen since Babe Ruth and Lou Gehrig ganged up on opposing pitchers. But when DiMag went out late in the season with a twisted ankle it was immediately noticed that Keller was not as effective with the willow, and it seems a fair assumption that it would work both ways.

* * *

The third member of the Yank outfield, Tommy Henrich, is no slouch. Through yesterday he had blasted 31 home runs, compared to 30 for DiMaggio and 33 for Keller. He is almost as great a ball hawk as DiMaggio and owns perhaps the most feared throwing arm of any right-fielder in the game.

* * *

It is a strangely assorted threesome the Dodgers have, yet the best the National league has gathered together for some years. The veteran Dixie Walker in right field, almost forgotten at training camp, has come up to rap a firm .308 and is the outstanding idol of Flatbush fans. Pete Reiser, the fleet freshman, is hitting a terrific .340 and must be accounted the outstanding center-fielder in the National league since Terry Moore of the Cardinals was beaned. Joe Medwick, the $150,000 flop of last season, is playing a scrappy, aggressive left field and hitting a solid .315.

While by no means the distance clouters that the Yankees are, the Brooklyn outfielders are not entirely bereft of power. Medwick has hit 18 homers and 40 other extra-basers. Reiser had 13 home runs, 17 triples and 40 doubles. Walker has been known to connect in the pinches, too.

If the Cardinals should by some outside chance sneak into the big series, they would be sadly handicapped by the injuries that have disrupted their outfield.

* * *

Terry Moore, their star center-fielder, is back in the lineup but obviously has not fully recovered from the lick he received on his head in Boston. Enos Slaughter's cracked shoulder still pains him on his swing and probably would confine him to pinch-hitting in the series. There remains Estel Crabtree, surprisingly agile for his years; Johnny Hopp, the mid-term sensation, who is filling in for injured Johnny Mize at first; Coaker Triplett and Don Padgett, two run-of-the-mines.

* * *

So, it's the Yankees' honor if Charley Keller even limps to left field when the umps says play ball next Wednesday. But if this slugger broods in the dugout, we'll take the Brooklyns' outfield. We'll even take Brooklyn to win the series.

HOOSIER BACK HURT

BLOOMINGTON, Ind. — (INS) — Whether Bill Hillenbrand, flashy sophomore back, will be ready for the opener against Detroit on Saturday was the big question today on Indiana's practice field. Hillenbrand injured his foot last week, but probably will start at left half Saturday if the injury mends in time.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK — (The Special News Service)—The figures say the Dodgers can clinch that pennant today, but our hunch is that they won't do it before Saturday—if they survive the victory party the fans are planning for Friday night. . . . Joe Louis has asked for two weeks' delay before he takes his army physical examination. He wants to see the world series and "test up a little bit" after all his training . . . Max Baer is coming east to see the Louis-Nova fight and then he's going to try to get the navy to take him on as a physical instructor. . . . With two days off from regular games, Ted Williams plans to spend his time getting some batting practice just to make sure his average won't fall below .400.

Mansfield's state champion Provident Loan girls softball team scored their second straight victory over the Ashland Provident Loans last night at Ashland 14-7.

Jean Herick led the Mansfield attack with four hits in as many trips to the dish, while Ev Jocha got three for four.

Slugging features were contributed by Ashland, however, Messemer got a single, triple and home run in four times up, and Bentle connected for two singles and a homer in four trips.

The two teams complete their three-game series Saturday afternoon at the Shiloh homecoming.

Rams Prepare To Match Wits and Brawn With Dennison

An underdog Madison high school team faces one of the toughest tests of the season tomorrow night when it meets Dennison high school on the township school's home turf.

* * *

Dennison, which likes to refer to itself as "the little Massillon," has gone undefeated for four years and started its fifth last Friday with a multiscored win over New Concord.

* * *

Mansfielders who scouted the Dennison team—and their study would make the Encyclopedia Britannica look like the work of a backward child—left at the beginning of the fourth quarter and then the score was Dennison 62, New Concord goose egg.

With their win the Dennison team made itself immediately liable to the "show them NO mercy" sign which Ohio high school coaches hang out for teams which run up a larger score than is necessary or sporting.

* * *

However, the Dennison squad is tough. In Fullback John Williamson and Quarterback Billy Benedetto they have probably two of the finest Class B football backs in the state. Benedette especially is elusive to the extreme.

* * *

Not only is the quarterback shifty, but he's fast. So fast that once he's in the clear there's no catching him.

Ralph Fair, right half, and Wilbur Trimmer, left half, round out the veteran Dennison backfield.

Although the forward wall is tough, it is not of the same caliber as the backfield. Although composed of seniors and juniors exclusively, it is an entirely new line from last year's.

* * *

Against this aggregation of talent Coach Al Fendrick has been preparing his boys all week in the technique of handling the ends.

* * *

Aided by the return of Joe Harfman to the right guard position, Fendrick's line has been polishing and repolishing ways and means of smearing the end men to make off tackle plays effective. And on the chance that Dennison may eventually figure off tackle plays out they've worked in a little study of the inside tackle plays.

And Fendrick is NOT conceding a thing.

* * *

"If our boys get out there and play their top games all through the game, Madison might just beat Dennison. Upsets are very possible especially in high school football," he remarked.

* * *

Last week at New London the Ram gridders showed a smart brand of ball in downing the Wildcats 19-13 and an ability during the second half to tackle with promptness, dispatch and accuracy.

They also displayed some nifty line blocking although the ends and backfield left a little to be desired according to Fendrick.

"The boys on the ends and backfield just weren't moving. Wildcats out of the places the ball carriers were supposed to go," commented Fendrick.

* * *

An inability to handle the ends this week would be disastrous. Dennison felt so confident of their ends last week that they repeatedly crashed straight in rather than waiting until the play developed. Bowling over New Concord blockers, they messed up practically every attempt the New Concord boys made at moving the ball.

* * *

Against Benedetto in the speed division Madison offers Bob Anthony who is probably as fast as anything Dennison has to offer. A little slow getting up steam, once he's in the clear they just don't tag him. They just don't get near him.

Also on the Madison maestro's docket this week for the Rams was a thorough brushing of the pass attack. Last week, although connecting fairly regularly, Ram passes lacked snap and speed essential to effectively causing damage.

Brooklyn, Cardinals Both Win

Dodgers Need 2 Victories To Clinch Senior Pennant.

By JUDSON BAILEY

The Brooklyn Dodgers are on the threshold of the National league's king row today.

Another victory for the "Bums" against the Braves at Boston and a defeat for the St. Louis Cardinals at Pittsburgh would turn the trick.

This may not happen today, but it shows how close the Dodgers finally have come to clinching their first pennant in 21 years.

At the moment the standings are:

	W.	L.	Pct.	G.B.	T.P.
Brooklyn	98	53	.649	——	3
St. Louis	96	54	.640	1½	3

* * *

After their games today both clubs will be idle tomorrow. Then the Dodgers will go home to Brooklyn to wrap up their prize with two final games against the poor and harmless Phillies while the Cardinals spend Saturday and Sunday at Chicago.

* * *

If both clubs win today, Brooklyn can clinch the championship by beating Philadelphia Saturday, no matter what the Cards do.

Both of the rivals won yesterday—the Brooks 4-2 at Boston and the Red Birds 4-0 at Pittsburgh.

It was Dixie Walker's 31st birthday and he celebrated by slamming out a triple with the bases loaded in the seventh inning to bring Brooklyn roaring from behind.

* * *

Up till that time Kirby Higbe's chances of attaining his 22nd victory had looked gloomy. two singles and two costly errors by Peewee Reese and Cookie Lavagetto had given the Braves a pair of unearned runs, a lead which big Jim Tobin sought nobly to protect. In the seventh, however, Joe Medwick beat out a hit, Reese singled and Pinchitter Lew Riggs loaded the bases when a force play on his grounder failed.

* * *

Then up strode Walker, who hadn't made a hit all day. Left Fielder Max West edged in close behind his shortstop hoping Walker would lift a little booper as he had in the third inning. Instead Walker rifled a liner over West's head to clean the bases. That was the ball game.

Harry Gumbert scattered six singles as the Cards shut out the Pirates and earned his sixth straight victory. But it was a hopefuless, if masterful, performance because the point has been reached where triumphs mean nothing to St. Louis unless the Dodgers are beaten.

* * *

The remaining positions in the National league were finally settled in the other games. Cincinnati clinched third place as Bucky Walters pitched a six-hit, 2-0 shutout against the Chicago Cubs, although the Reds themselves were held to four safeties. The New York Giants sewed up fifth place by sweeping a doubleheader from the Phils 4-1 and 2-0.

* * *

In the American league the New York Yankees pummeled the Philadelphia Athletics 7-2 with Joe DiMaggio hitting two home runs.

Thornton Lee pitched a two-hitter as the Chicago White Sox edged out the Cleveland Indians 2-1 and the St Louis Browns downed Detroit 3-1 although outhit 10 to 6

The Boston Red Sox whipped the Washington Senators twice 7-2 and 5-4

REDSKINS CUT TEAM

WASHINGTON — (INS) — The Washington Redskins today were cut to their maximum limit of 33 men, after Center Steve Andrako, former Ohio State captain, was given his outright release. He joined the Skins last fall.

Franklin Nips Musto In 2nd

Has New Claim To Shoot At Joe Louis' Crown.

CLEVELAND — (AP) — Lem Franklin's fistic dynamite gave him a new claim today for a heavyweight title go with Champion Joe Louis.

One-ton Tony Musto, the Chicago scrapper, took all Louis could offer for nearly nine rounds recently. Last night, Franklin disposed of Tony in two rounds.

* * *

Franklin, Cleveland colored scrapper who had to move to Chicago before he was noticed, already has pounded his way into the National Boxing association's favor as fourth-ranking contender, and for his performance against Musto did nothing to hurt that reputation.

* * *

Lem, who weighed 199 pounds, quickly solved the bobbing, weaving style of his 201-pound opponent and found Musto's jaw for several jolting uppercuts in the first round.

In the next stanza he caught Musto in the Chicagoan's corner and floored him for a count of nine with a right to the heart and a loud left and three ripping rights to the jaw. Musto came up—and went down for nine again under the impetus of a left to the chin. He arose, droped to one knee and Referee Joe Sedley called off hostilities.

WELCH BEATEN

CHICAGO —(INS)— Coley Welch's campaign for a shot at Tony Zale"s NBA middleweight championship was at least temporarily detoured today as a result of his defeat by the veteran Tony (Cianciola) Martin of Milwaukee in 10 rouns last night. Martin was awarded a split decision.

Ohio Northern Meets Findlay

Ohio Conference Opens as Teams Play at Kenton.

(By Associated Press)

The curtain rises tonight on the 1941 Ohio conference football season as Ohio Northern university meets Findlay college on a neutral gridiron at Kenton.

* * *

The opener was shifted from Ada because of Northern's following in the Hardin county seat.

* * *

Other Ohio conference schools continued their warmups for season openers.

* * *

Coach John Swigart at Wooster named Roger Stoneburner, former Wooster high school end, as the only sophomore due to start at Bowling Green Saturday. The first team probably will include nine lettermen, and a 1940 reserve.

* * *

A heavy line and light backfield will start for John Carroll in its Saturday contest with the Western Ontario Mustangs at London, Ontario, for the benefit of the Canadian Red Cross.

SPENCER SCOTT SETS NEW TROTTING RECORD

LEXINGTON, Ky. — (INS) — Spencer Scott, winner of the 1940 Hambletonian, today held a new world record for stallions after running the mile in 1:57¼. The old record of 1:58¼ was held for almost a score of years by Lee Axworthy. Fred Egan held the reins during the record run yesterday. Spencer Scott is owned by C. W. Phellis of Greenwich, Conn.

30 CINCINNATI REDLEGS GET WORLD SERIES CUT

CINCINNATI —(U.P.)— Thirty persons will get full shares of the Cincinnati Reds' third-place portion of World Series coin.

The Reds clinched third place in the National league yesterday and immediately announced the division. Half a share goes to rookie Ed Lukon and quarter shares to rookies Hank Sauer, Ray Starr, Ray Lamanno and Benny Zientara. Groundkeeper Matty Schwab also was voted a full cut.

Birds Entrain For Montreal

AA Winners Leave For 'Little Classic.'

COLUMBUS—(INS)—The Columbus Red Birds, winners of both the regular season pennant and the American association playoffs, were to depart this afternoon for Montreal where Friday night they will battle the International league's Royal's in the first game of the little world series

* * *

The Columbus players were enthusiastic about playing at Montreal. Clark Shaughnessy, president of the International league, predicted that 75,000 paid admissions will witness the first three games of the series at Montreal and the players had visions of an extra large "cut" of the gate receipts.

* * *

The winners of the series split 60 per cent of the gate receipts for the first four games with the losers getting the remaining 40 per cent.

Columbus Manager Burt Shotten announced that Murry Dickson, a 21-game winner over the course of the regular A. A. season, will be his pitching selection for tomorrow night's game.

After playing the first three games at the Canadian city, the two teams will come to Columbus to finish the series

Nova, Louis Close Training Schedules

NEW YORK—(INS)—While Promoter Mike Jacobs talked in his New York offices of a possible $600,000 gate for next Monday night's heavyweight championship fight, Champion Joe Louis today went on about his business of heavy training at Greenwood Lake, N. Y., and Lou Nova's handlers announced from Pompton Lakes, N. J., that the challenger will wind up his boxing with a four-round drill late this afternoon.

* * *

Louis went through a brisk four-round drill yesterday, will rest today, except for roadwork and calistrenics, and will box again Friday and Saturday, then take it easy until he gets into the ring.

* * *

After his four rounds today, Nova will hang up his heavy gloves and seek only to retain his edge through light workouts until Monday.

Bucks Taper For Opener

Passing and Punting Needs Improvement.

By JOHN BARRINGTON

COLUMBUS —(INS)— With the inaugural Missouri clash only two days away, Coach Paul Brown of Ohio State continued today to search for kicking and passing talent—needed esperately to supplement a none too speedy running attack.

Although less a problem than the kicking department, Scarlet and Grey passing has been rather inconsistent and was more unimpressive than usual yesterday when the Bucks held their last full-length practice before the opener at Ohio State stadium Saturday. Left halfbacks Dick Fisher and Paul Sarringhaus will probably do the bulk of the throwing.

* * *

Punting has been particularly week, though Johnny Hallabrin, who is elected for most of the punting, was kicking fairly well in yesterday's practice. Best punters in camp are probably Bob Hecklinger, sophomore fullback, and Dick Zimmerman, sophomore tackle, neither of whom is a regular or even a second stringer.

* * *

Leon Schoenbaum, sophomore end and brother of a former Ohio State captain, carries a reputation as a place kicking specialist and will probably start the game Saturday in case the Bucks kick off. Especially accurate on short placements of the extra point and field goal, Schoenbaum was not getting consistent distance on his kick offs yesterday.

After giving due attention to polishing up a defense for the offenses Missouri is expected to use, including the mysterious "T" formation, Brown sent his charges through a short offensive drill of its own. Then the Bucks wound up the session with a protracted kicking practice, which seemed to reflect the Scarlet's anxiety over that phase of its attack, but which merely emphasized the weakness of that department

* * *

Forced to stand or fall in the Mizzou tilt upon what has already been accomplished, Brown will taper off with a short practice of about an hour's length today, and Friday the team won't drill much more than 10 minutes.

Missouri is not due to arrive in town until Friday evening, Coach Don Faurot passing up an opportunity to work out in Ohio stadium. The Tigers practiced at the stadium when they were in Columbus in 1939, and the Bucks of that year won a 19-0 victory.

HAWAII GRIDDERS RETURN HOME AFTER GIVING TIPS

STOCKTON, Calif.—(INS)—With two Pacific coast victories under their belts, the barnstorming University of Hawaii Rainbows were ready to head homeward today, after beating Coach A. A Stagg's College of the Pacific, 14 to 0 Last night the islanders made their first score six minutes after the opening kickoff on a 20-yard pass and four line smashes. Last week Hawaii beat Portland U., 33 to 6

THEATERS

Skating Film.

The girl skaters in "Sun Valley Serenade," ice spectacle showing at the Ohio, looked more like female airplane mechanics than anything else during the rehearsal period. It was all because the rink had been dyed black and every time the girls took a tumble they blackened their anatomy. Coverals were made for protection and worn until the routines were perfected. Sonja Henie is the stellar attraction in the picture and the cast includes John Payne, Milton Berle and Glenn Miller's orchestra.

* * *

Broadway Atmosphere.

"Scattergood Meets Broadway," showing at the Madison, has some of the aspects of a musical show, what with the philosopher-storekeeper of Coldwater taking a little fling in the show business to aid a fellow townsman. Guy Kibbee is starred in the production and the cast includes Frank Jenks, Joyce Compton and Bradley Page. "Jungle Cavalcade," Frank Buck's thrilling production of life in the jungle, is the companion feature. Filmed in the Federated Malay States the picture shows the amusing side of the jungle as well as its more dramatic and deadly features.

* * *

Sourdough Saga.

Produced entirely in Alaska with an all-native cast composed of Indians and White Settlers of the Taku region, "Orphans of the North," showing at the Ritz, tells the story of Bedrock Brown one of the colorful characters to reach the Alaskan frontier during the gold rush. The great abundance of wild life in the region is depicted and there are vivid shots of the Taku Glacier, remnant of the Ice Age. "Hats Off," a musical with John Payne and Mae Clark, is the second picture.

* * *

Gridiron Thriller.

"Knute Rockne—All American," showing at the Majestic, tells the almost legendary story of the gridiron wizard's life, the teams he built and the influence he had and still has on the people of America. Pat O'Brien plays the title role and Gale Page has the part of Mrs. Rockne, to whose inspiration Rockne credited much of his success. Donald Crisp plays the president of Notre Dame and Ronald Reagan is cast as George Gipp. Lloyd Bacon directed the picture. Adolphe Menjou and Carole Landis in "Road Show" is the companion picture.

* * *

Horror Film.

Lon Chaney, jr., appears in a characterization reminiscent of those of his famous father in "Man Made Monster," playing at the Park. Transformed by a mad scientist, played by Lionel Atwill, Chaney becomes a super-charged monster motivated and controlled by electricity. Anne Nagel and Frank Albertson are in the cast of this horror film which has some ingenious twists. "Tumbledown Ranch In Arizona," the second picture features "The Rangebusters," Ray Corrigan, John King and Max Terhune.

GEORGE VI HONORS CHURCHILL WITH ANCIENT, PAYLESS OFFICE

(By Associated Press)

LONDON—King George VI has appointed Prime Minister Churchill to the ancient office of Lord Warden of the Cinque Ports, giving him among other things exclusive rights to "the Flotsam, Jetsam and Lagan" within the jurisdiction of the ports.

The non-paying office, held heretofore by 157 British princes, dukes, admirals and prime ministers in its long history, is rated a high honor.

It was said that the appointment, in succession to the late Marquess of Willingdon, was the King's own idea as a mark of his appreciation for the Prime Minister's services.

The Cinque ports originally were Hastings, Romney, Hythe, Dover and Sandwich—but were increased to seven by the addition of Winchelsea and Rye.

Churchill's only duty will be chairmanship of the Dover board.

He will have to pay taxes on the Lord Warden's residence, Walmer Castle, near Dover—but there is scant possibility he ever will occupy it because it has been open to the public since 1905. Among its many rooms which attract sightseers is the one in which the Duke of Wellington died in 1852.

Churchill will be entitled to fly his own standard—blue and yellow quartered with arms of the Cinque Ports—from Walmer castle.

Barons of the Cinque Ports in the middle ages were charged with maintaining a fleet to keep the narrow seas free of enemy ships.

Cites Need of Vitamin B-1 In The Human Diet

BERKELEY, Cal. — (INS) — A steady decrease in the amount of highly-important vitamin B-1 in the human diet has been occasioned by modern processing of foods, refining of sugar and removal of the outer husks of cereals, Dr. T. H. Jukes, University of California assistant professor of poultry husbandry, told a defense nutrition institute.

"In 1941," he said, "we are witnessing a belated but timely recognition of this deficiency in our diets and the cheapness of synthetic vitamin B-1 has led to efforts to raise the daily intake of this vitamin among the American people to a level that will correct the deficiency."

Lack of vitamin B-1 in man causes beri-beri, retarded growth and development, nervous and gastro-intestinal disturbances, disorders of the eyes, and various other symptoms. Brewer's yeast and wheat germ, whole grain cereals and bread, liver and kidney are among the best sources of the vitamin.

YOUNG HEROINE

PEORIA, Ill.—(U.P.)—Sidney Parrot, 8, lost her best doll in the flames but saved her home from destruction by fire.

She was so busy looking after the safety of two younger brothers and getting the garden hose to extinguish the blaze, which started from kerosene in the kitchen, that she forgot all about "Susie." Her mother, away shopping, promised to buy her another for her heroism.

OLDEST STATION

LATROBE, Pa.—(U.P.)—The smallest railroad passenger station in the country has been in use since 1878 on the Ligonier Valley railroad, at Idlewild park.

The tiny station, measuring approximately 9 by 16 feet and 9 feet high, is divided into three compartments—the waiting room for passengers comprises one-half of the space; one-half of the remaining houses the telegraph operator and ticket agent, and the remaining quarter is the freight and express office.

DEALINGS SLOW AS MART TAKES DOWNWARD TILT

Morgenthau Demand for Profit Ceiling Blamed For Chilling Stocks.

(By Associated Press)

NEW YORK—The trend was moderately downward in today's stock market with dealings slow.

Slackness of offerings was encouraging to bullish forces.

Consolidated Edison edged into new low ground for the year and early backward tendencies were shown by Douglas Aircraft, Du Pont, Montgomery Ward, Kennecott, American Telephone and Western Union.

Resistant were U. S. Steel, Bethdehem and Sears Roebuck.

The demand of Treasury Secretary Morgenthau for a six per cent ceiling on corporation profits did more to chill speculative enthusiasm than anything else, brokers said. The war news left boardrooms unexcited and scant inspiration was derived from business developments.

Market followers noted the ,w etaoin shrdl cmfwyp p punu summary of Dun & Bradstreet which disclosed bank clearings in 23 principal cities for the week ended yesterday, while continuing to run well ahead of the like 1940 days, dipped appreciably from the record-breaking turnover in the preceding week.
